

**PORTOLA VALLEY TOWN COUNCIL
RESOLUTION NO. ~~2926-2022~~ 2023**

**RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF PORTOLA VALLEY
ADOPTING THE 2023-2031 HOUSING ELEMENT UPDATE
AND OTHER GENERAL PLAN AMENDMENTS
REQUIRED TO CONFORM WITH THE UPDATED HOUSING ELEMENT**

WHEREAS, the California Government Code Section 65300 et. seq. requires every city and county in California to adopt a General Plan for its long-range development, and further, to periodically update that Plan to reflect current conditions and issues;

The Current Affordability Crisis

WHEREAS, the California legislature has found that “California has a housing supply and affordability crisis of historic proportions. The consequences of failing to effectively and aggressively confront this crisis are hurting millions of Californians, robbing future generations of the chance to call California home, stifling economic opportunities for workers and businesses, worsening poverty and homelessness, and undermining the state’s environmental and climate objectives.” (Gov. Code Section 65589.5.);

WHEREAS, the legislature has further found that “Among the consequences of those actions are discrimination against low-income and minority households, lack of housing to support employment growth, imbalance in jobs and housing, reduced mobility, urban sprawl, excessive commuting, and air quality deterioration.” (Gov. Code Section 65589.5.);

The Town’s RHNA Allocation

WHEREAS, State Housing Element Law (Article 10.6 of Gov. Code) requires that the Town Council adopt a Housing Element for the eight-year period 2023-2031 to accommodate the Town of Portola Valley’s (Town) regional housing need allocation (RHNA) of 253 housing units, comprised of 73 very-low income units, 42 low-income units, 39 moderate-income units, and 99 above moderate-income units together with an appropriate buffer to ensure compliance with the “no net loss” requirements of Housing Element law;

Housing Element Law Requirements

WHEREAS, State law requires that the Town conduct an assessment of housing needs and prepare an inventory of resources and constraints relevant to the meeting of these needs, including analysis of population and employment trends, household characteristics, inventory of land suitable and available for residential development (Gov. Code Section 65583(a));

WHEREAS, State law requires that the Town identify a zone or zones where emergency shelters are allowed as a permitted use with sufficient capacity to accommodate the need for emergency shelters identified in the assessment of housing needs (Gov. Code Section 65583(a)(4));

WHEREAS, State law requires that the Town analyze potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including for special housing needs and persons with disabilities, land use controls, fees, and permit procedures, along with efforts to remove governmental constraints (Gov. Code Section 65583(a)(5));

WHEREAS, State law requires that the Town analyze potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, the cost of construction, the requests to develop housing at densities below those identified in the sites inventory, along with local efforts to remove nongovernmental constraints (Gov. Code Section 65583(a)(6));

WHEREAS, State law requires that the Town analyze special housing needs, such as those of the elderly; persons with disabilities, including a developmental disability, large families; farmworkers; families with female heads of households; and families and persons in need of emergency shelter (Gov. Code Section 65583(a)(7));

WHEREAS, State law requires that the Town analyze opportunities for energy conservation with respect to residential development (Gov. Code Section 65583(a)(8));

WHEREAS, State law requires that the Town analyze existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years (Gov. Code Section 65583(a)(9));

WHEREAS, State law requires that the Town prepare a statement of the community's goals, quantified objectives, and policies relative to affirmatively furthering fair housing and to the maintenance, preservation, improvement, and development of housing (Gov. Code Section 65583(b));

WHEREAS, State law requires that the Town prepare a program that sets forth a schedule of actions during the planning period, each with a timeline for implementation, to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, the provision of regulatory concessions and incentives, the utilization of appropriate federal and state financing (Gov. Code Section 65583(c));

WHEREAS, State law requires that the Town identify actions that will be taken to make sites available during the planning period with appropriate zoning and development standards and with services and facilities to accommodate that portion of the Town's

share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory without rezoning (Gov. Code Section 65583(c)(1));

WHEREAS, State law requires that, where the Town identifies inadequate sites in the inventory to accommodate the need for groups of all household income levels, that the rezoning of those sites, including adoption of minimum density and development standards, for jurisdictions with an eight-year Housing Element planning period, shall be completed no later than three years after either the date the housing element is adopted pursuant to subdivision (f) of Gov. Code Section 65585;

WHEREAS, State law requires that the Town identify programs that assist in the development of adequate housing to meet the needs of extremely low, very low, low-, and moderate-income households (Gov. Code Section 65583(c)(2));

WHEREAS, State law requires that the Town identify programs that address and, where appropriate and legally possible, remove governmental and nongovernmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities (Gov. Code Section 65583(c)(3));

WHEREAS, State law requires that the Town identify programs that conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action (Gov. Code Section 65583(c)(4));

WHEREAS, State law requires that the Town identify programs that promote and affirmatively further fair housing opportunities and promote housing throughout the community or communities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability, and other protected characteristics, and any other state and federal fair housing and planning law (Gov. Code Section 65583(c)(5));

WHEREAS, State law requires that the Town identify programs that preserve for lower income households the assisted housing developments that are eligible to change from low-income housing uses during the next 10 years (Gov. Code Section 65583(c)(6));

WHEREAS, State law requires that the Town develop a plan that incentivizes and promotes the creation of accessory dwelling units that can be offered at affordable rent for very low, low-, or moderate-income households (Gov. Code Section 65583(c)(7));

WHEREAS, State law requires that the Town identify the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other General Plan Elements and community goals (Gov. Code Section 65583(c)(8));

New Affirmatively Furthering Fair Housing (AFFH) Requirements

WHEREAS, State law requires that the Town make a diligent effort by the local government to achieve public participation of all economic segments of the community in the development of the Housing Element, and the program shall describe this effort (Gov. Code Section 65583(c)(9));

WHEREAS, State law requires that the Town affirmatively further fair housing in accordance with Gov. Code Chapter 15 (commencing with Section 8899.50) of Division 1 of Title 2 (Gov. Code Section 65583(c)(10));

WHEREAS, State law requires that the Town include a summary of fair housing issues in the jurisdiction and an assessment of the jurisdiction's fair housing enforcement and fair housing outreach capacity (Gov. Code Section 65583(c)(10)(A)(i));

WHEREAS, State law requires that the Town include an analysis of available federal, state, and local data and knowledge to identify integration and segregation patterns and trends, racially or ethnically concentrated areas of poverty and affluence, disparities in access to opportunity, and disproportionate housing needs, including displacement risk (Gov. Code Section 65583(c)(10)(A)(ii));

WHEREAS, State law requires that the Town include an assessment of the contributing factors, including the local and regional historical origins and current policies and practices, for the fair housing issues (Gov. Code Section 65583(c)(10)(A)(iii));

WHEREAS, State law requires that the Town identify the jurisdiction's fair housing priorities and goals, giving highest priority to those factors identified that limit or deny fair housing choice or access to opportunity, or negatively impact fair housing or civil rights compliance, and identifying the metrics and milestones for determining what fair housing results will be achieved (Gov. Code Section 65583(c)(10)(A)(iv));

WHEREAS, State law requires that the Town include strategies and actions to implement those priorities and goals, which may include, but are not limited to, enhancing mobility strategies and encouraging development of new affordable housing in areas of opportunity, as well as place-based strategies to encourage community revitalization, including preservation of existing affordable housing, and protecting existing residents from displacement (Gov. Code Section 65583(c)(10)(A)(v));

WHEREAS, State law allows local government to satisfy all or part of its requirement to identify a zone or zones suitable for the development of emergency shelters by adopting and implementing a multijurisdictional agreement (Gov. Code Section 65583(d));

Public Outreach and Review Process

WHEREAS, the Town conducted extensive community outreach over 24 months and totaling approximately 142 hours, including the following public meetings to discuss various aspects of the Housing Element update: 9 Town Council meetings; 11 Planning

Commission meetings; 1 Joint Town Council and Planning Commission meeting; 15 Ad Hoc Housing Element Committee meetings; 2 Ad Hoc Committee of Town Committees meetings; and 2 Community-Wide meetings;

WHEREAS, on August 11, 2022, the Town submitted the draft Housing Element to the State Department of Housing and Community Development (HCD) for review;

WHEREAS, on November 9, 2022, HCD provided the Town with a number of comments regarding the draft Housing Element (Exhibit A), and based upon comments, Town staff revised the draft Housing Element to include additional information and data to support the Town's position that the proposed programs and zoning changes would be adequate to accommodate the RHNA and affirmatively further fair housing as shown in Exhibit B;

Environmental Review Process

WHEREAS, the Town, as lead agency under the California Environmental Quality Act ("CEQA"), prepared an Initial Study/Mitigated Negative Declaration (IS/MND) for the Housing Element, Safety Element, conforming General Plan amendments and zoning code amendments and circulated it for public review;

WHEREAS, on February 15, 2023, the Planning Commission conducted a public hearing to review the Response to Comments memorandum addressing the written and verbal comments made by Members of the Planning Commission and the public on November 16, 2022, the adequacy of the IS/MND, and the recommended text changes to the IS/MND. The Planning Commission then recommended approval of the IS/MND, updated Response to Comments, and further recommended that the Town Council adopt the project design features listed in the Targ/Brothers Colleagues Memo, excluding the financial terms, through the mechanism of Council's choosing, and additionally recommended that the Town Council further consider adopting the key approaches for Fire Safety presented by Fire Marshal Bullard in his February 15, 2023 presentation to the Planning Commission;

WHEREAS, on March 29, 2023, the Town Council conducted a public hearing on the IS/MND and adopted Resolution No. 2922-2023 adopting the IS/MND, the Updated Response to Comments and Text Changes, and the MMRP (as updated at the March 22 and 29, 2023 public hearings);

Conforming General Plan Amendments

WHEREAS, on November 30, 2022, the Planning Commission discussed amendments to the General Plan required to conform with the Housing Element.

WHEREAS, these programs include: the creation of a new "Gateway" district that allows affordable housing, recreation, and open space; the creation of two new multi-family land use classifications allowing up to four and 20 dwelling units per acre,

respectively; an “opt-in” overlay provision permitting limited single family homes to voluntarily upzone to up to 4 units (not to exceed a townwide total of 12 units), and a new mixed-use land use classification to allow for up to six dwelling units per acre. These changes will require relatively minor conforming updates to the Land Use Element, the Nathhorst Triangle Plan, and corresponding maps/diagrams;

WHEREAS, on November 30, 2022, the Planning Commission also discussed the need to update the Alpine Scenic Corridor Plan to clarify that any new development along the Alpine Scenic Corridor should be designed to respect the Plan’s scenic principles and provide sufficient setback for the use of Alpine Road as a major evacuation corridor. The Planning Commission also discussed that the Land Use Element be updated to remove outdated, impermissible limits on household composition;

WHEREAS, on March 6, 2023, the Planning Commission further discussed amendments to the General Plan required to conform with the Housing Element as required for general plan consistency;

WHEREAS, on March 2, 2023, the Town published the final draft Housing Element on the Town website and requested public comment on the final draft;

WHEREAS, the Planning Commission held a public hearing on the Housing Element and conforming general plan amendments on March 6, 2023, considered all public comments received, the presentation by Town staff, the staff report, and all other pertinent documents regarding the proposed request, which are incorporated by reference;

WHEREAS, the Planning Commission has reviewed the Housing Element and all pertinent maps, documents and exhibits, including HCD’s findings in Exhibit A, the Town’s response to HCD’s findings in Exhibit B, the staff report and all attachments, and oral and written public comments; and determined the Housing Element to be consistent with State law and the General Plan;

Town Council Review of Housing Element and Supporting Documents

WHEREAS, on March 15, 2023, the Town Council conducted a Study Session to review the IS-MND, the MMRP, the Response to Comments and Text Changes, the Housing Element, the Conforming General Plan Amendments and the recommendations in the Targ/Brothers Colleague’s Memo as attached to the March 15, 2022 Town Council Staff Report and incorporated here by reference; and

WHEREAS, on March 22 and 29, 2023, the Town Council conducted a public hearing to review the IS-MND, the MMRP, the Response to Comments and Text Changes and the Post-Adoption Housing Element Colleague’s Memo; and

WHEREAS, on March 22 and 29 and May 10, 2023, the Town Council conducted public hearings to review the Housing Element, and the Conforming General Plan

Amendments; and

WHEREAS, following the March 29 meeting, the Town received questions from some members of the public regarding a prior unsigned draft letter dated January 4, 2022, that Town staff had received from Don Bullard, Fire Marshall for the Woodside Fire Protection District (the “District”). The Town Council finds that this draft letter is not properly part of the administrative record for the Project for the reasons set forth in Exhibit D, attached and incorporated into this Resolution.

NOW, THEREFORE, BE IT RESOLVED that the Town Council hereby takes the following actions:

1. As detailed in Resolution No. 2922-2023, the Council finds that on the basis of the whole record before it, there is no substantial evidence that the adoption of the Housing Element and the associated General Plan amendments, as mitigated in the Mitigated Negative Declaration, will have a significant impact on the environment.
2. The proposed 2023-2031 Housing Element amendment and the Errata attached to the March 29, 2023 Staff Report as Attachments 6 and 8, respectively, are hereby adopted. The Housing Element shall supersede the existing Housing Element and the Planning and Building Director shall be authorized to incorporate the Errata into a final draft, edit for typographical errors and submit such draft to the Department of Housing and Development (HCD) for certification.
3. The Housing Element is necessary to implement State housing element law. The Housing Element will accommodate higher density multifamily housing to expand housing options and affordability.
4. The Housing Element contains all provisions required by State Housing Element Law as set forth in Exhibit C which is incorporated by this reference, and the Council thereby self certifies that the Housing Element substantially complies with Housing Element Law, as provided in Government Code 65580 *et seq.*
5. A key principle of General Plan law is that each element in the General Plan must be consistent with one another. Therefore, to ensure consistency with the Housing Element the Town Council adopts the following minor conforming amendments to other General Plan elements: the Land Use Element, the Nathorst Triangle Plan, and corresponding maps/diagrams; the Alpine Scenic Corridor Plan; and the Land Use Element to remove outdated, impermissible limits on household composition as set forth in Attachment 7 to the March 29 Staff Report.
6. The proposed General Plan amendments will not be detrimental to the public interest, convenience, and general welfare of the Town. The amendments will

result in a logical placement of land uses consistent with the overall intent of the General Plan and facilitate housing development opportunities at a range of income levels and household types. The proposed General Plan amendments will facilitate the development, maintenance, and improvement of adequate and affordable housing for new and existing residents, which will be a benefit to the public.

Passed and Adopted on this 10th day of May, 2023.

By: Jeff Aalfs
Mayor Jeff Aalfs

November 9, 2022

Laura Russel, Planning & Building Director
Town of Portola Valley
765 Portola Road,
Portola Valley, CA 94028

Dear Laura Russell:

RE: The Town of Portola Valley's 6th Cycle (2023-2031) Draft Housing Element

Thank you for submitting the Town of Portola Valley's (Town) draft housing element received for review on August 11, 2022. Pursuant to Government Code section 65585, subdivision (b), the California Department of Housing and Community Development (HCD) is reporting the results of its review. Our review was facilitated by a conversation November 7, 2022 with you, Jeremy Dennis, Adrienne Smith, and consultants Cara Silver, Arly Dolbakian, Carla Violet, and Curtis Banks. In addition, HCD considered comments from Greenbelt Alliance and YIMBY LAW, pursuant to Government Code section 65585, subdivision (c).

The draft element addresses many statutory requirements; however, revisions will be necessary to comply with State Housing Element Law (Article 10.6 of the Gov. Code). The enclosed Appendix describes these, and other revisions needed to comply with State Housing Element Law.

For your information, pursuant to Assembly Bill 1398 (Chapter 358, Statutes of 2021), if a local government fails to adopt a compliant housing element within 120 days of the statutory deadline (January 31, 2023), then any rezoning to accommodate the regional housing needs allocation (RHNA), including for lower-income households, shall be completed no later than one year from the statutory deadline. Otherwise, the local government's housing element will no longer comply with State Housing Element Law, and HCD may revoke its finding of substantial compliance pursuant to Government Code section 65585, subdivision (i). Please be aware, if the Town fails to adopt a compliant housing element within one year from the statutory deadline, the element cannot be found in substantial compliance until rezones to accommodate a shortfall of sites pursuant to Government Code section 65583, subdivision (c), paragraph (1), subparagraph (A) and Government Code section 65583.2, subdivision (c) are completed.

Public participation in the development, adoption and implementation of the housing element is essential to effective housing planning. Throughout the housing element

Laura Russel, Planning & Building Director
Page

process, the Town should continue to engage the community, including organizations that represent lower-income and special needs households, by making information regularly available and considering and incorporating comments where appropriate. Please be aware, any revisions to the element must be posted on the local government's website and to email a link to all individuals and organizations that have previously requested notices relating to the local government's housing element at least seven days before submitting to HCD.

For your information, some general plan element updates are triggered by housing element adoption. HCD reminds the Town to consider timing provisions and welcomes the opportunity to provide assistance. For information, please see the Technical Advisories issued by the Governor's Office of Planning and Research at: <https://www.opr.ca.gov/planning/general-plan/guidelines.html>.

Several federal, state, and regional funding programs consider housing element compliance as an eligibility or ranking criteria. For example, the CalTrans Senate Bill (SB) 1 Sustainable Communities grant; the Strategic Growth Council and HCD's Affordable Housing and Sustainable Communities programs; and HCD's Permanent Local Housing Allocation consider housing element compliance and/or annual reporting requirements pursuant to Government Code section 65400. With a compliant housing element, the Town meets housing element requirements for these and other funding sources.

HCD is committed to assisting the Town in addressing all statutory requirements of State Housing Element Law. If you have any questions or need additional technical assistance, please contact Molivann Phlong, of our staff, at Molivann.Phlong@hcd.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melinda Coy', with a long horizontal stroke extending to the right.

Melinda Coy
Proactive Housing Accountability Chief

Enclosure

APPENDIX TOWN OF PORTOLA VALLEY

The following changes are necessary to bring the Town's housing element into compliance with Article 10.6 of the Government Code. Accompanying each recommended change, we cite the supporting section of the Government Code.

Housing element technical assistance information is available on HCD's website at <https://www.hcd.ca.gov/hcd-memos>. Among other resources, the housing element section contains HCD's latest technical assistance tool, *Building Blocks for Effective Housing Elements (Building Blocks)*, available at <https://www.hcd.ca.gov/building-blocks> and includes the Government Code addressing State Housing Element Law and other resources.

A. Review and Revision

Review the previous element to evaluate the appropriateness, effectiveness, and progress in implementation, and reflect the results of this review in the revised element. (Gov. Code, § 65588 (a) and (b).)

The review requirement is one of the most important features of the element update. The review of past programs should analyze the Town's accomplishments over the previous planning period. This information provides the basis for developing a more effective housing program.

As part of the evaluation of programs in the past cycle, the element must provide an explanation of the effectiveness of goals, policies, and related actions in meeting the housing needs of special needs populations (e.g., elderly, persons with disabilities, large households, female-headed households, farmworkers, and persons experiencing homelessness).

B. Housing Needs, Resources, and Constraints

1. *Affirmatively further[ing] fair housing in accordance with Chapter 15 (commencing with Section 8899.50) of Division 1 of Title 2...shall include an assessment of fair housing in the jurisdiction (Gov. Code, § 65583, subd. (c)(10)(A))*

Integration and Segregation: The element includes some data on integration and segregation at the regional and local level; however, the element must also analyze segregation and integration of familial status and persons with disabilities, including a discussion of patterns and trends over time.

Racial/Ethnic Areas of Concentration of Areas of Affluence (RCAA): The element includes information relative to Racially and Ethnically Concentrated Areas of Poverty (R/ECAP) but should also address concentrated areas of affluence. The combination of the R/ECAP and areas of affluence analyses will help guide goals and actions to address fair housing issues. The analysis should evaluate the patterns and changes

over time at a local (e.g., neighborhood to neighborhood) and regional level (e.g., Town to region).

Disproportionate housing needs and Displacement Risk: The element does include data on overcrowded households, substandard housing conditions, but it must also analyze the cost burdened and extreme cost burdened rates for owner households.

Site Inventory: The Town is predominantly a highest resource category according to TCAC/HCD Opportunity Maps and is predominantly higher income. Sites should be analyzed in relationships to any RCAA identified. The element should also include specific analysis of the Town compared to the region and should formulate policies and programs to promote an inclusive community. For example, the Town should consider additional actions (not limited to the Regional Housing Needs Allocation (RHNA) to promote housing mobility and improve new housing opportunities throughout the Town.

Contributing Factors: The element must prioritize contributing factors to fair housing issues, giving highest priority to those factors that most limit or deny fair housing choice or access to opportunity or negatively impact fair housing or civil rights compliance. Contributing factors create, contribute to, perpetuate, or increase the severity of fair housing issues and are fundamental to adequate goals and actions. Examples include community opposition to affordable housing, housing discrimination, land use and zoning laws, lack of regional cooperation, location and type or lack of affordable housing and lack of public or private investment in areas of opportunity or affordable housing choices. The analysis shall result in strategic approaches to inform and connect goals and actions to mitigate contributing factors to affordable housing.

2. *Include an analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition. (Gov. Code, § 65583, subd. (a)(2).)*

While the element identifies the total number of overpaying households, it must quantify and analyze the number of overpaying lower-income households by tenure (i.e., renter and owner). For additional information and sample analysis, see the Building Blocks at <https://www.hcd.ca.gov/hcd-memos>.

3. *An inventory of land suitable and available for residential development, including vacant sites and sites having realistic and demonstrated potential for redevelopment during the planning period to meet the locality's housing need for a designated income level, and an analysis of the relationship of zoning and public facilities and services to these sites. (Gov. Code, § 65583, subd. (a)(3).)*

The Town has a RHNA of 253 housing units, of which 115 are for lower-income households. To address this need, the element relies on pipeline projects, Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs), an Opt-in-Single-Family Rezoning Program and adopting three new zoning districts to allow multifamily dwellings. To demonstrate the adequacy of these sites and strategies to accommodate the Town's RHNA, the element must include complete analyses:

Pipeline Projects: The Town's RHNA may be reduced by the number of new units built since July 1, 2022. The element indicates 17 units affordable to low-income households are pending in the Willow Commons and Standford Wedge projects but must also demonstrate the affordability of the units. Specifically, the element must assign these units to the various income groups based on actual or anticipated sales price or rent level of the units or other mechanisms ensuring affordability (e.g., deed-restrictions) and demonstrate their availability in the planning period. For units in the pipeline, the element should describe the status of the application, required entitlements, and anticipated date of approval.

Realistic Capacity: While the element provides assumptions of buildout for sites included in the inventory, it must also provide support for these assumptions. For example, the element should demonstrate what specific trends, factors, and other evidence led to the assumptions. The estimate of the number of units for each site must be adjusted as necessary, based on the land use controls and site improvements, typical densities of existing or approved residential developments at a similar affordability level in that jurisdiction, and on the current or planned availability and accessibility of sufficient water, sewer, and dry utilities.

Opt-In-Single-Family Rezoning Program: In order to accommodate the remaining need for the above moderate-income RHNA, the town is proposing to develop a program where property owners can opt-in to rezone their parcel to allow for 4 units per acre and a maximum of four dwelling units per lot. The Town is expecting to increase capacity by 12 units. In order to count these proposed unit towards the RHNA, the element must further describe the potential for additional capacity using the Opt-In-Single-Family Rezoning Program within the planning period. This must include reviewing program guidelines and processes, include a description of existing uses, the number of parcels that could apply for the rezone including a sample parcel inventory, a survey or other methodology to show how many parcels would potentially rezone in the planning period, and incentives for property owners to opt into the program. Please be aware, pursuant to Government Code section 65583 (c)(1)(A), rezones to accommodate RHNA must occur within three years from date of adoption of the element. The element should include a program to monitor application of the program to ensure that rezonings have been completed within that timeframe and commit to rezone or amend the housing element to identify additional sites.

Affiliated Housing Sites: The element identifies two sites that will not be rezoned but are anticipated to be developed under the Affiliated Housing Site Program including the 42 Acre Sequoia Housing Site and the Christ Church Affiliated Housing site. The element must include information that demonstrates the potential for development within the planning period including, but not limited to, information on proposed projects within the planning period, analysis on existing uses and whether those existing uses could impede development, and approval procedures (see next section). The element could also include programs that commit to facilitating the development of these properties and commit to monitor production throughout the planning period and if necessary additional actions to identify additional capacity.

ADUs: The element relies on 92 ADUs to accommodate a portion of the Town's RHNA. For your information, HCD records indicate permitted ADUs of 7 in 2018, 7 in 2019 and 3 in 2020. The element should reconcile these numbers and adjust assumptions as appropriate. The element must clarify these ADUs numbers in relationship to the projections, reconcile these numbers and adjust assumptions as appropriate. Depending on the analysis, the element must commit to monitor ADU production and affordability throughout the planning period and implement additional actions if not meeting target numbers within a specified time period (e.g., within six months). Finally, if necessary, the degree of additional actions should be in stride with the degree of the gap in production and affordability. For example, if actual production and affordability of ADUs is far from anticipated trends, then rezoning or something similar would be an appropriate action. If actual production and affordability is near anticipated trends, then measures like outreach and marketing might be more appropriate.

Environmental Constraints: While the element generally describes a few environmental conditions within the Town (page 68), it must describe any known environmental constraints within the Town that could impact housing development in the planning period. (Gov. Code, § 65583.2, subd. (b).) For additional information and sample analysis, see the Building Blocks at <http://www.hcd.ca.gov/community-development/building-blocks/site-inventory-analysis/analysis-of-sites-and-zoning.shtml#environmental>.

Sites with Zoning for a Variety of Housing Types:

- **Emergency Shelters:** The element should describe the development standards of the zone that allows emergency shelters by-right and should provide an analysis of proximity to transportation and services for these sites, hazardous conditions, and any conditions in appropriate for human habitability. Specifically, the element. In addition, the element should describe how emergency shelter parking requirements are in line with AB139/Government Code section 65583, subdivision (a)(4)(A) or include a program to comply with this requirement.
 - **ADUs:** The element indicates the Town modified its zoning code to ease barriers to the development of ADU's. However, after a cursory review of the Town's ordinance, HCD discovered several areas which were not consistent with State ADU Law. HCD will provide a complete listing of ADU non-compliance issues under a separate cover. As a result, the element should add a program to update the Town's ADU ordinance in order to comply with state law.
4. *An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the types of housing identified in paragraph (1) of subdivision (c), and for persons with disabilities as identified in the analysis pursuant to paragraph (7), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Government Code section 65584 and from meeting the need for housing for persons*

with disabilities, supportive housing, transitional housing, and emergency shelters identified pursuant to paragraph (7). (Gov. Code, § 65583, subd. (a)(5).)

Multi-Family Zoning and Mixed-Use Zoning Districts: As stated above, to accommodate the town's RHNA, three new multifamily zoning districts will be created to accommodate 4 units, 6 units, and 20 units per acre respectively. While HCD recognizes that zoning has not yet been created to implement the new zones, the element should generally describe and commit to expectations for development standards in these zones. For example, the element should describe expected height limits, parking, and other standards that will facilitate development at the densities proposed. This is particularly critical because the Town currently does not have any zoning districts that specifically allow for multifamily.

Minimum Density Equals Maximum Density: The element states that the density for the new multifamily district allows 20 dwelling units an acre. However, the element must clarify if the minimum density for the rezone is also the maximum density. The element must analyze this narrow range of density (20 units per acre) as a potential governmental constraint on housing development including potential impacts resulting from site constraints, financial considerations, and other development factors.

Zoning, Development Standards and Fees: The element must clarify compliance with new transparency requirements for posting all zoning, development standards and fees on the Town's website and add a program to address these requirements, if necessary.

Design Review (D-R) Combining District: The element must further describe and analyze the Design Review Combining District and Architectural and Site Control Commission (ASCC). The element must include a description of any guidelines and design criteria, approval procedures, and decision-making criteria, for their impact as potential constraints on housing supply and affordability. For example, the analysis should consider processing and approval procedures and timeframes, level of review, subjectivity of approval findings and any discretionary approval procedures. The element should also indicate if housing under the new multifamily zoning districts will be subject to this procedure. The element must demonstrate these processes are not a constraint or it must include a program(s) to address this permitting requirement, as appropriate.

Affiliated Housing Program: The element identifies two sites within the inventory for potential for development through the Affiliated Housing Program. While the element provides a brief description (page 82), it must include further information and analysis on how projects proposed under this program are approved. For example, what development standards apply to the project, what types of finding are necessary to approve the conditional use permit, standards that are required to opt-in to the program, and other requirements that impact the feasibility of development on sites within the overlay.

Streamlining Provisions: The element must clarify whether there are written procedures for the SB 35 (Chapter 366, Statutes of 2017) Streamlined Ministerial Approval Process and add a program to address these requirements as appropriate.

Building Codes and Enforcement: While the element states that it has adopted the 2019 building code, it must also describe any local amendments to the building code and enforcement of the codes for impacts on housing supply and affordability.

Constraints on Housing for Persons with Disabilities: The element briefly describes its reasonable accommodation measures (page 51). However, the element should describe the process and decision-making criteria such as approval findings and analyze any potential constraints on housing for persons with disabilities.

The element must also address how non-licensed group home facilities that serve seven or more residences is permitted. Zoning and standards should simply implement a barrier-free definition of family instead of subjecting, potentially persons with disabilities, to special regulations. Zoning code regulations that isolate and regulate various types of housing for persons with disabilities based on the number of people and other factors may pose a constraint on housing choice for persons with disabilities. The element should include specific analysis of these and any other constraints for impacts on housing for persons with disabilities and add or modify programs as appropriate.

Water Sewer Priority: For your information, water and sewer service providers must establish specific procedures to grant priority water and sewer service to developments with units affordable to lower-income households. (Gov. Code, § 65589.7.) Local governments are required to immediately deliver the housing element to water and sewer service providers. HCD recommends including a cover memo describing the Town's housing element, including the Town's housing needs and regional housing need. For additional information and sample cover memo, see the Building Blocks at <https://www.hcd.ca.gov/priority-for-water-and-sewer>.

5. *An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, the cost of construction, the requests to develop housing at densities below those anticipated in the analysis required by subdivision (c) of Government Code section 65583.2, and the length of time between receiving approval for a housing development and submittal of an application for building permits for that housing development that hinder the construction of a locality's share of the regional housing need in accordance with Government Code section 65584. (Gov. Code, § 65583, subd. (a)(6).)*

Developed Densities and Permit Times: The element must be revised to include analysis of requests to develop housing at densities below those anticipated, and the length of time between receiving approval for a housing development and submittal of an application for building permits that potentially hinder the construction of a locality's share of the regional housing need.

6. *Analyze any special housing needs such as elderly; persons with disabilities, including a developmental disability; large families; farmworkers; families with female heads of households; and families and persons in need of emergency shelter. (Gov. Code, §*

65583, *subd. (a)(7).*)

While the element quantifies some of the Town’s special needs populations, it must also analyze their special housing needs. The element must also quantify the number of the elderly and large households. For a complete analysis of each population group, the element should discuss challenges faced by the population, the existing resources to meet those needs (availability senior housing units, # of large units, # of deed restricted units, etc.), an assessment of any gaps in resources, and proposed policies, programs, and funding to help address those gaps.

C. Housing Programs

1. *Include a program which sets forth a schedule of actions during the planning period, each with a timeline for implementation, which may recognize that certain programs are ongoing, such that there will be beneficial impacts of the programs within the planning period, that the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the Housing Element through the administration of land use and development controls, the provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available. The program shall include an identification of the agencies and officials responsible for the implementation of the various actions. (Gov. Code, § 65583, subd. (c).)*

Programs must demonstrate that they will have a beneficial impact within the planning period. Beneficial impact means specific commitment to deliverables, measurable metrics or objectives, definitive deadlines, dates, or benchmarks for implementation. Deliverables should occur early in the planning period to ensure actual housing outcomes. To address the program requirements of Gov. Code section 65583, subd. (c)(1-6), and to facilitate implementation, programs must include: (1) specific actions the local government will take during the planning period; (2) timelines that result in beneficial impacts within the planning period; (3) objectives, quantified where appropriate; and (4) identification of responsible agencies and officials.

Additionally, all programs should be evaluated to ensure meaningful and specific actions and objectives. Programs containing unclear language (e.g., “Evaluate”; “Consider”; “Encourage”; etc.) should be amended to include more specific and measurable actions. Programs to be revised include, but are not limited to, Programs 1-1-4, 2-1, 3-2, 4-1, 4-2, 4-3, 4-4, and 6-3.

Transitional Housing and Supportive Housing: The element must include a program to amend the zoning ordinance to permit transitional and supportive housing as a residential use in all zones allowing residential uses and only subject to those restrictions that apply to other residential dwellings of the same type in the same zone. (Gov. Code, § 65583, subd. (c)(3).) For additional information, see the Building Blocks’ at <https://www.hcd.ca.gov/zoning-for-a-variety-of-housing-types> and HCD’s SB 2 memo at http://www.hcd.ca.gov/community-development/housing-element/housing-element-memos/docs/sb2_memo050708.pdf.

Developmental Disabilities: The element must include a program to assist in the development of housing for persons with developmental disabilities (SB 812). Program actions could include proactive outreach and assistance to non-profit service providers and developers, prioritizing some funding for housing developments affordable to special needs households and offering financial incentives or regulatory concessions to encourage a variety of housing types.

2. *Identify actions that will be taken to make sites available during the planning period with appropriate zoning and development standards and with services and facilities to accommodate that portion of the town's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory completed pursuant to paragraph (3) of subdivision (a) without rezoning, and to comply with the requirements of Government Code section 65584.09. Sites shall be identified as needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, supportive housing, single-room occupancy units, emergency shelters, and transitional housing. (Gov. Code, § 65583, subd. (c)(1).)*

As noted in Finding B3, the element does not include a complete site analysis; therefore, the adequacy of sites and zoning were not established. Based on the results of a complete sites inventory and analysis, the Town may need to add or revise programs to address a shortfall of sites or zoning available to encourage a variety of housing types.

Programs 1-1, 1-2, 1-3: These programs currently have a timeframe for completion of January 2031. Because these programs are required to accommodate the RHNA, pursuant to Government Code section 65583 (c)(1)(A) rezones must be completed within three years from the date of adoption.

For your information, if rezones are completed after January 31, 2023, the element must also demonstrate Program 1-1 complies with the requirements of Government Code section 65583.2, subdivisions (h) and (i). For example, while the element indicates the residential capacity of the rezoned sites, it must also demonstrate the rezoned sites have a site capacity of at least 16 units, permit rental and owner multifamily development without discretionary review at minimum densities of at least 16 or 20 dwelling units per acre, and that at least at least 50 percent of the very low and low-income housing need shall be accommodated on sites designated for exclusive residential uses or on sites zoned for mixed uses that accommodate all of the very low and low-income housing need, if those sites allow 100 percent residential use and require that residential use occupy 50 percent of the total floor area of a mixed-use project. For additional information, go to <https://www.hcd.ca.gov/hcd-memos>.

Program 1-4: The program should be revised to describe incentives for the Affiliated Housing Program and as stated above, include a program to monitor development of sites within the Affiliated Housing Program. In addition, the municipal code update should occur sooner in the planning period to have a beneficial impact.

3. *The Housing Element shall contain programs which assist in the development of adequate housing to meet the needs of extremely low-, very low-, low- and moderate-income households. (Gov. Code, § 65583, subd. (c)(2).)*

Extremely Low-Income Program (ELI): While the element includes programs to assist in the development of very low-, low-, and moderate-income households, it must also include a program(s) to assist in the development of housing affordable households. Programs must be revised or added to the element to assist in the development of housing for ELI households. Program actions could include prioritizing some funding for housing developments affordable to ELI households and offering financial incentives or regulatory concessions to encourage the development of housing types, such as multifamily, single-room occupancy (SRO) units, to address the identified housing needs for ELI households. For additional information, see the Building Blocks at <https://www.hcd.ca.gov/extremely-low-income-housing-needs>.

4. *Address and, where appropriate and legally possible, remove governmental and nongovernmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities. The program shall remove constraints to, and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities. (Gov. Code, § 65583, subd. (c)(3).)*

As noted in Finding B4 and B-5, the element requires a complete analysis of potential governmental and nongovernmental constraints. Depending upon the results of that analysis, the Town may need to revise or add programs and address and remove or mitigate any identified constraints.

Program 4-1: This program should be revised to include specific details of the new parking requirements for affordable housing.

Program 4-4: This program should be revised to clarify that the zoning regulations and objective standards will facilitate the development of residential units at the densities proposed.

Pursuant to conversations with staff, the Town's density bonus may be out of date with state law. The element should include a program to update the ordinance accordingly.

5. *The Housing Element shall include programs to conserve and improve the condition of the existing affordable housing stock. (Gov. Code, § 65583, subd. (c)(4).)*

Conserve and Improve: The element must include a program(s) to conserve and improve the condition of the existing stock, which may include addressing the loss of dwelling units. A program could provide grants for substantial rehabilitation, provide matching grants for homeowner improvements, or implement proactive code enforcement program.

6. *Promote and affirmatively further fair housing opportunities and promote housing throughout the community or communities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability, and other characteristics protected by the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2), Section 65008, and any other state and federal fair housing and planning law. (Gov. Code, § 65583, subd. (c)(5).)*

Goals and actions must significantly seek to overcome contributing factors to fair housing issues. Currently, the element identifies programs to encourage and promote affordable housing; however, most of these programs do not appear to facilitate any meaningful change nor address affirmatively furthering fair housing requirements. Furthermore, the element must include metrics and milestones for evaluating progress on programs, actions, and fair housing results and include geographic targeting as appropriate. Given that most of the Town is considered a highest resource community, the element could focus on programs that center on place-based strategies for economic and community revitalization, protecting residents from disaster-driven and investment-driven displacement, and enhancing housing mobility to encourage the development of more housing choices and affordable housing. Programs also should be based on identified contributing factors, be significant and meaningful. The element must add, and revise programs based on a complete analysis and listing and prioritization of contributing factors to fair housing issues. For example, the Town could consider is tying Program 8-7 towards actions to improve nongovernmental constraints such as mortgage acceptance rates. For more information, please see HCD's guidance at <https://www.hcd.ca.gov/community-development/affh/index.shtml>.

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT 11/9/22 COMMENTS ON PORTOLA VALLEY HOUSING ELEMENT

Town Comment Number	HCD Comment	Town Response
1	<p>A. Review and Revision</p> <p><i>Review the previous element to evaluate the appropriateness, effectiveness, and progress in implementation, and reflect the results of this review in the revised element. (Gov. Code, § 65588 (a) and (b).)</i></p> <p>The review requirement is one of the most important features of the element update. The review of past programs should analyze the Town's accomplishments over the previous planning period. This information provides the basis for developing a more effective housing program.</p> <p>As part of the evaluation of programs in the past cycle, the element must provide an explanation of the effectiveness of goals, policies, and related actions in meeting the housing needs of special needs populations (e.g., elderly, persons with disabilities, large households, female-headed households, farmworkers, and persons experiencing homelessness).</p>	<p>Added a list of key accomplishments during the 5th Cycle and additional evaluation on t of past programs in meeting the needs of special needs populations to <i>Appendix D, Rev 2015-2023 Housing Element Performance.</i></p>
2	<p>B. Housing Needs, Resources, and Constraints</p> <p><i>1. Affirmatively further[ing] fair housing in accordance with Chapter 15 (commencing with Section 8899.50) of Division 1 of Title 2...shall include an assessment of fair housing in the jurisdiction (Gov. Code, § 65583, subd. (c)(10)(A))</i></p> <p><u>Integration and Segregation</u>: The element includes some data on integration and segregation at the regional and local level; however, the element must also analyze segregation and integration of familial status and persons with disabilities, including a discussion of patterns and trends over time.</p>	<p>Added data on familial status under <i>Section 3, AFFH, Primary Findings</i> (fifteenth bullet). Data on persons with disabilities can be found in the text under <i>Section 3, AFFH, Primary Findings</i>, (third and second to last bullets) and <i>Appendix C, AFFH, 4.3.3 Disability Status.</i></p>
3	<p><u>Racial/Ethnic Areas of Concentration of Areas of Affluence (RCAA)</u>: The element includes information relative to Racially and Ethnically Concentrated Areas of Poverty (R/ECAP) but should also address concentrated areas of affluence. The combination of the R/ECAP and areas of affluence analyses will help guide goals and actions to address fair housing issues. The analysis should evaluate the patterns and changes over time at a local (e.g., neighborhood to neighborhood) and regional level (e.g., Town to region).</p>	<p>Added RCAA text in <i>Appendix C, AFFH, 4.3.3 Racially or Ethnically Concentrated Areas of Poverty and Affluence</i> and <i>Section 3, AFFH, Primary Findings.</i></p>
4	<p><u>Disproportionate housing needs and Displacement Risk</u>: The element does include data on overcrowded households, substandard housing conditions, but it must also analyze the cost burdened and extreme cost burdened rates for owner households.</p>	<p>Added Figures 3-2: Overpayment by AMI and 3-3: Overpayment by Tenure and additional text to <i>Section 3, AFFH</i> under subheading Primary Findings, and to <i>Appendix C, AFFH, Section 6.2 Cost Burden and Sever Cost Burden.</i></p>
5	<p><u>Site Inventory</u>: The Town is predominantly a highest resource category according to TCAC/HCD Opportunity Maps and is predominantly higher income. Sites should be analyzed in relationships to any RCAA identified. The element should also include specific analysis of the Town compared to the region and should formulate policies and programs to promote an inclusive community. For example, the Town should consider additional actions (not limited to the Regional Housing Needs Allocation (RHNA) to promote housing mobility and improve new housing opportunities throughout the Town.</p>	<p>Added text under <i>Appendix C, AFFH, 7.2 Distribution of sites in the Site Inventory</i> and <i>Section 3, AFFH, Primary Findings.</i></p> <p>Added language to <i>Section 6, Adequate Sites</i> discussing how Sites locations will help address concerns described in <i>Section 3, AFFH.</i></p>
6	<p><u>Contributing Factors</u>: The element must prioritize contributing factors to fair housing issues, giving highest priority to those factors that most limit or deny fair housing choice or access to opportunity</p>	<p>Added text in <i>Section 3, AFFH, Table 3-1</i> to denote "low, medium, and high" prioritization of Contributing Factors.</p>

	<p>or negatively impact fair housing or civil rights compliance. Contributing factors create, contribute to, perpetuate, or increase the severity of fair housing issues and are fundamental to adequate goals and actions. Examples include community opposition to affordable housing, housing discrimination, land use and zoning laws, lack of regional cooperation, location and type or lack of affordable housing and lack of public or private investment in areas of opportunity or affordable housing choices. The analysis shall result in strategic approaches to inform and connect goals and actions to mitigate contributing factors to affordable housing.</p>	
7	<p>2. <i>Include an analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition. (Gov. Code, § 65583, subd. (a)(2).)</i></p> <p>While the element identifies the total number of overpaying households, it must quantify and analyze the number of overpaying lower-income households by tenure (i.e., renter and owner). For additional information and sample analysis, see the Building Blocks at https://www.hcd.ca.gov/hcd-memos.</p>	<p>Added Figures 3-4 and 3-5 Cost Burden by Income for Owners, and for Renters, respectively, showing overpayment by tenure by income level to <i>Section 3, AFFH</i> under subsection Primary Findings. Added analysis of data.</p>
8	<p>3. <i>An inventory of land suitable and available for residential development, including vacant sites and sites having realistic and demonstrated potential for redevelopment during the planning period to meet the locality's housing need for a designated income level, and an analysis of the relationship of zoning and public facilities and services to these sites. (Gov. Code, § 65583, subd. (a)(3).)</i></p> <p>The Town has a RHNA of 253 housing units, of which 115 are for lower-income households. To address this need, the element relies on pipeline projects, Accessory Dwelling Units (ADUs) and Junior Accessory Dwelling Units (JADUs), an Opt-in-Single-Family Rezoning Program and adopting three new zoning districts to allow multifamily dwellings. To demonstrate the adequacy of these sites and strategies to accommodate the Town's RHNA, the element must include complete analyses:</p> <p><u>Pipeline Projects:</u> The Town's RHNA may be reduced by the number of new units built since July 1, 2022. The element indicates 17 units affordable to low-income households are pending in the Willow Commons and Stanford Wedge projects but must also demonstrate the affordability of the units. Specifically, the element must assign these units to the various income groups based on actual or anticipated sales price or rent level of the units or other mechanisms ensuring affordability (e.g., deed-restrictions) and demonstrate their availability in the planning period. For units in the pipeline, the element should describe the status of the application, required entitlements, and anticipated date of approval.</p>	<p>Added language to Section 6, Adequate Sites under subheading Pipeline and Pending Projects, with additional details on the Willow Commons and Stanford Wedge projects.</p>
9	<p><u>Realistic Capacity:</u> While the element provides assumptions of buildout for sites included in the inventory, it must also provide support for these assumptions. For example, the element should demonstrate what specific trends, factors, and other evidence led to the assumptions. The estimate of the number of units for each site must be adjusted as necessary, based on the land use controls and site improvements, typical densities of existing or approved residential developments at a similar affordability level in that jurisdiction, and on the current or planned availability and accessibility of sufficient water, sewer, and dry utilities.</p>	<p>Added language to <i>Section 6, Adequate Sites</i> under subheading Realistic Capacity, describing local setting (no multifamily zones, limited multifamily development), site quality, and the rezonings.</p>
10	<p><u>Opt-In-Single-Family Rezoning Program:</u> In order to accommodate the remaining need for the above moderate-income RHNA, the town is proposing to develop a program where property owners can opt-in to rezone their parcel to allow for 4 units per acre and a maximum of four dwelling units per lot. The Town is expecting to increase capacity by 12 units. In order to count these proposed unit towards the RHNA, the element must further describe the potential for additional capacity using</p>	<p>Added language to <i>Section 6, Adequate Sites</i> under Subheading Opt-In Housing Program, providing additional detail on how the program would function, program incentives the review process for applicants. Revised Opt-In program language in <i>Section 7, Programs</i> (Program 1-3) to reflect additional program details.</p>

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT 11/9/22 COMMENTS ON PORTOLA VALLEY HOUSING ELEMENT

	the Opt-In-Single-Family Rezoning Program within the planning period. This must include reviewing program guidelines and processes, include a description of existing uses, the number of parcels that could apply for the rezone including a sample parcel inventory, a survey or other methodology to show how many parcels would potentially rezone in the planning period, and incentives for property owners to opt into the program. Please be aware, pursuant to Government Code section 65583 (c)(1)(A), rezones to accommodate RHNA must occur within three years from date of adoption of the element. The element should include a program to monitor application of the program to ensure that rezonings have been completed within that timeframe and commit to rezone or amend the housing element to identify additional sites.	
11	<u>Affiliated Housing Sites</u> : The element identifies two sites that will not be rezoned but are anticipated to be developed under the Affiliated Housing Site Program including the 42 Acre Sequoia Housing Site and the Christ Church Affiliated Housing site. The element must include information that demonstrates the potential for development within the planning period including, but not limited to, information on proposed projects within the planning period, analysis on existing uses and whether those existing uses could impede development, and approval procedures (see next section). The element could also include programs that commit to facilitating the development of these properties and commit to monitor production throughout the planning period and if necessary additional actions to identify additional capacity.	Added language to <i>Section 6, Adequate Sites</i> , under subheading Affiliated Housing Sites to describe the codification of the Affiliated Housing Program and more information about the Sequoias and Christ Church sites.
12	<u>ADUs</u> : The element relies on 92 ADUs to accommodate a portion of the Town's RHNA. For your information, HCD records indicate permitted ADUs of 7 in 2018, 7 in 2019 and 3 in 2020. The element should reconcile these numbers and adjust assumptions as appropriate. The element must clarify these ADUs numbers in relationship to the projections, reconcile these numbers and adjust assumptions as appropriate. Depending on the analysis, the element must commit to monitor ADU production and affordability throughout the planning period and implement additional actions if not meeting target numbers within a specified time period (e.g., within six months). Finally, if necessary, the degree of additional actions should be in stride with the degree of the gap in production and affordability. For example, if actual production and affordability of ADUs is far from anticipated trends, then rezoning or something similar would be an appropriate action. If actual production and affordability is near anticipated trends, then measures like outreach and marketing might be more appropriate.	Added languages to <i>Section 6, Adequate Sites</i> , under subheading Accessory Dwelling Units and Junior Accessory Dwelling Units to strengthen assumptions about ADU production. HCD, Thank you for noting the discrepancy between the Town's records and HCD records. The Town is aware of past reporting errors that need to be corrected with HCD. Unfortunately, the report form was completed incorrectly so the numbers do not align. (Town may need to add a program to resolve the past reporting problems.)
13	<u>Environmental Constraints</u> : While the element generally describes a few environmental conditions within the Town (page 68), it must describe any known environmental constraints within the Town that could impact housing development in the planning period. (Gov. Code, § 65583.2, subd. (b).) For additional information and sample analysis, see the Building Blocks at http://www.hcd.ca.gov/community-development/building-blocks/site-inventory-analysis/analysis-of-sites-and-zoning.shtml#environmental .	Added discussion of biological and hazardous materials to <i>Section 4, Constraints</i> under the Environmental Constraints subheading.
14	<u>Sites with Zoning for a Variety of Housing Types</u> : <ul style="list-style-type: none"> Emergency Shelters: The element should describe the development standards of the zone that allows emergency shelters by-right and should provide an analysis of proximity to transportation and services for these sites, hazardous conditions, and any conditions in appropriate for human habitability. Specifically, the element. In addition, the element should describe how emergency shelter parking requirements are in line with AB139/Government Code section 65583, subdivision (a)(4)(A) or include a program to comply with this requirement. 	Added language to <i>Section 4, Constraints</i> under subheading Zoning Code describing addition of Emergency Shelters to new code for Multi-Family zones, and shelter regulations as permitted by Government Code section 65583 (a)(4)(A). Added language to <i>Section 2, Housing Needs</i> , referring to Emergency Shelter updates in new Multi-Family zones, as described in <i>Section 4, Constraints</i> .
15	<ul style="list-style-type: none"> <u>ADUs</u>: The element indicates the Town modified its zoning code to ease barriers to the development of ADU's. However, after a cursory review of the Town's ordinance, HCD discovered 	Added Program 7-8, Update Town's ADU ordinance regularly to comply with state law, to <i>Section 7, Goals, Policies, and Programs</i> . A description of Program 7-8 was

	several areas which were not consistent with State ADU Law. HCD will provide a complete listing of ADU non-compliance issues under a separate cover. As a result, the element should add a program to update the Town's ADU ordinance in order to comply with state law.	also added to <i>Section 6, Adequate Sites</i> , where the proposed ADU programs are described, under subheading Proposed ADU and JADU Policies and Programs.
16	<p>4. An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the types of housing identified in paragraph (1) of subdivision (c), and for persons with disabilities as identified in the analysis pursuant to paragraph (7), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Government Code section 65584 and from meeting the need for housing for persons with disabilities, supportive housing, transitional housing, and emergency shelters identified pursuant to paragraph (7). (Gov. Code, § 65583, subd. (a)(5).)</p> <p>Multi-Family Zoning and Mixed-Use Zoning Districts: As stated above, to accommodate the town's RHNA, three new multifamily zoning districts will be created to accommodate 4 units, 6 units, and 20 units per acre respectively. While HCD recognizes that zoning has not yet been created to implement the new zones, the element should generally describe and commit to expectations for development standards in these zones. For example, the element should describe expected height limits, parking, and other standards that will facilitate development at the densities proposed. This is particularly critical because the Town currently does not have any zoning districts that specifically allow for multifamily.</p>	Updated <i>Section 6, Adequate Sites</i> to add basic development standards. Corresponding zoning code amendments are underway and expected to be completed by July 2023.
17	Minimum Density Equals Maximum Density: The element states that the density for the new multifamily district allows 20 dwelling units an acre. However, the element must clarify if the minimum density for the rezone is also the maximum density. The element must analyze this narrow range of density (20 units per acre) as a potential governmental constraint on housing development including potential impacts resulting from site constraints, financial considerations, and other development factors.	Updated <i>Section 6, Adequate Sites</i> , to clarify minimum and maximum densities for the new Multi-Family and Mixed Use Districts. The R-MF-20 allows between 10 to 20 dwelling units per acre and the R-MF-4 allows between 2 to 4 dwelling units per acre. The MU allows between 4 to 6 dwelling units per acre.
18	Zoning, Development Standards and Fees: The element must clarify compliance with new transparency requirements for posting all zoning, development standards and fees on the Town's website and add a program to address these requirements, if necessary.	
19	Design Review (D-R) Combining District: The element must further describe and analyze the Design Review Combining District and Architectural and Site Control Commission (ASCC). The element must include a description of any guidelines and design criteria, approval procedures, and decision-making criteria, for their impact as potential constraints on housing supply and affordability. For example, the analysis should consider processing and approval procedures and timeframes, level of review, subjectivity of approval findings and any discretionary approval procedures. The element should also indicate if housing under the new multifamily zoning districts will be subject to this procedure. The element must demonstrate these processes are not a constraint or it must include a program(s) to address this permitting requirement, as appropriate.	Updated <i>Section 4, Constraints</i> , to clarify limited scope of D-R Combining District and add information about ASCC review process.
20	Affiliated Housing Program: The element identifies two sites within the inventory for potential for development through the Affiliated Housing Program. While the element provides a brief description (page 82), it must include further information and analysis on how projects proposed under this program are approved. For example, what development standards apply to the project, what types of finding are necessary to approve the conditional use permit, standards that are	<p><i>Section 7, Goals Policies and Programs</i> (Programs 1-4 and 4-2) updated with detail on the Affiliated Housing Program.</p> <p>in <i>Section 4, Constraints</i>, subsection Conditional Use Permit and Planned Unit Development Permit Processes updated to explain why the permit process does not</p>

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT 11/9/22 COMMENTS ON PORTOLA VALLEY HOUSING ELEMENT

	required to opt-in to the program, and other requirements that impact the feasibility of development on sites within the overlay.	impact the feasibility of development. Additionally, each Affiliated site is discussed in detail in <i>Section 6, Adequate sites</i> .
21	<u>Streamlining Provisions</u> : The element must clarify whether there are written procedures for the SB 35 (Chapter 366, Statutes of 2017) Streamlined Ministerial Approval Process and add a program to address these requirements as appropriate.	Added language in <i>Section 4, Constraints</i> , clarifying that, while the Town has not adopted its own procedure, it will follow State law when processing SB 35 applications.
22	<u>Building Codes and Enforcement</u> : While the element states that it has adopted the 2019 building code, it must also describe any local amendments to the building code and enforcement of the codes for impacts on housing supply and affordability.	Added language in <i>Section 4, Constraints</i> , to specify the local amendments related to sustainability and fire safety.
23	<u>Constraints on Housing for Persons with Disabilities</u> : The element briefly describes its reasonable accommodation measures (page 51). However, the element should describe the process and decision-making criteria such as approval findings and analyze any potential constraints on housing for persons with disabilities. The element must also address how non-licensed group home facilities that serve seven or more residences is permitted . Zoning and standards should simply implement a barrier-free definition of family instead of subjecting, potentially persons with disabilities, to special regulations. Zoning code regulations that isolate and regulate various types of housing for persons with disabilities based on the number of people and other factors may pose a constraint on housing choice for persons with disabilities. The element should include specific analysis of these and any other constraints for impacts on housing for persons with disabilities and add or modify programs as appropriate.	Updated subsection Zoning for a Variety of Housing Types in <i>Section 4, Constraints</i> to indicate plan to modernize the Municipal Code definition of “household” and added action 8-9 to TABLE 3-1 in <i>Section 3, Affirmatively Furthering Fair Housing</i> .
24	<u>Water Sewer Priority</u> : For your information, water and sewer service providers must establish specific procedures to grant priority water and sewer service to developments with units affordable to lower-income households. (Gov. Code, § 65589.7.) Local governments are required to immediately deliver the housing element to water and sewer service providers. HCD recommends including a cover memo describing the Town’s housing element , including the Town’s housing needs and regional housing need. For additional information and sample cover memo, see the Building Blocks at https://www.hcd.ca.gov/priority-for-water-and-sewer .	Thanks HCD – Town will distribute Housing Element to water provider.
25	<i>5. An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, the cost of construction, the requests to develop housing at densities below those anticipated in the analysis required by subdivision (c) of Government Code section 65583.2, and the length of time between receiving approval for a housing development and submittal of an application for building permits for that housing development that hinder the construction of a locality’s share of the regional housing need in accordance with Government Code section 65584. (Gov. Code, § 65583, subd. (a)(6).)</i> <u>Developed Densities and Permit Times</u> : The element must be revised to include analysis of requests to develop housing at densities below those anticipated, and the length of time between receiving approval for a housing development and submittal of an application for building permits that potentially hinder the construction of a locality’s share of the regional housing need.	(Explanation will be provided to HCD)

26	<p><i>6. Analyze any special housing needs such as elderly; persons with disabilities, including a developmental disability; large families; farmworkers; families with female heads of households; and families and persons in need of emergency shelter. (Gov. Code, § 65583, subd. (a)(7).)</i></p> <p>While the element quantifies some of the Town’s special needs populations, it must also analyze their special housing needs. The element must also quantify the number of the elderly and large households. For a complete analysis of each population group, the element should discuss challenges faced by the population, the existing resources to meet those needs (availability senior housing units, # of large units, # of deed restricted units, etc.), an assessment of any gaps in resources, and proposed policies, programs, and funding to help address those gaps.</p>	<p>Further analysis added to Section 2, Housing Needs, subsection Large Households</p> <p>In looking at the data again, only 2.1% of the housing stock is small multi-family (48 units), while 29% of the pop is over 65 (1,336 ppl). This shows we don’t have the small units to meet the possible demand of our older population. Do we need to say more about this?</p>
27	<p>C. Housing Programs</p> <p><i>1. Include a program which sets forth a schedule of actions during the planning period, each with a timeline for implementation, which may recognize that certain programs are ongoing, such that there will be beneficial impacts of the programs within the planning period, that the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the Housing Element through the administration of land use and development controls, the provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available. The program shall include an identification of the agencies and officials responsible for the implementation of the various actions. (Gov. Code, § 65583, subd. (c).)</i></p> <p>Programs must demonstrate that they will have a beneficial impact within the planning period. Beneficial impact means specific commitment to deliverables, measurable metrics or objectives, definitive deadlines, dates, or benchmarks for implementation. Deliverables should occur early in the planning period to ensure actual housing outcomes. To address the program requirements of Gov. Code section 65583, subd. (c)(1-6), and to facilitate implementation, programs must include: (1) specific actions the local government will take during the planning period; (2) timelines that result in beneficial impacts within the planning period; (3) objectives, quantified where appropriate; and (4) identification of responsible agencies and officials.</p>	<p>Added language to <i>Section 7, Goals, Policies and Programs</i> clarify and solidify objectives and timeframes for programs throughout. Deliverables are generally early in the planning period in order to allow time for outcomes to occur.</p>
28	<p>Additionally, all programs should be evaluated to ensure meaningful and specific actions and objectives. Programs containing unclear language (e.g., “Evaluate”; “Consider”; “Encourage”; etc.) should be amended to include more specific and measurable actions. Programs to be revised include, but are not limited to, Programs 1-1-4, 2-1. 3-2, 4-1, 4-2, 4-3, 4-4, and 6-3.</p>	<p>Programs have been updated to provide more clarity and specificity.</p>
29	<p><u>Transitional Housing and Supportive Housing</u>: The element must include a program to amend the zoning ordinance to permit transitional and supportive housing as a residential use in all zones allowing residential uses and only subject to those restrictions that apply to other residential dwellings of the same type in the same zone. (Gov. Code, § 65583, subd. (c)(3).) For additional information, see the Building Blocks’ at https://www.hcd.ca.gov/zoning-for-a-variety-of-housing-types and HCD’s SB 2 memo at http://www.hcd.ca.gov/community-development/housing-element/housing-element-memos/docs/sb2_memo050708.pdf.</p>	<p>This code amendment has already been completed so no program is necessary.</p>
30	<p><u>Developmental Disabilities</u>: The element must include a program to assist in the development of housing for persons with developmental disabilities (SB 812). Program actions could include proactive outreach and assistance to non-profit service providers and developers, prioritizing some funding for housing developments affordable to special needs households and offering financial incentives or regulatory concessions to encourage a variety of housing types.</p>	<p>Added new Policy 9 and program 9-1 to <i>Section 7, Goals, Policies and Programs</i> to assist in the development of housing for persons with developmental disabilities.</p>
31	<p><i>2. Identify actions that will be taken to make sites available during the planning period with appropriate zoning and development standards and with services and facilities to accommodate</i></p>	<p>Language has been added to <i>Section 6, Sites</i> describing the Opt-In Housing Program in more detail, to <i>Section 7, Goals, Policies and Programs</i> describing various ADU</p>

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT 11/9/22 COMMENTS ON PORTOLA VALLEY HOUSING ELEMENT

	<p><i>that portion of the town's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory completed pursuant to paragraph (3) of subdivision (a) without rezoning, and to comply with the requirements of Government Code section 65584.09. Sites shall be identified as needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, supportive housing, single-room occupancy units, emergency shelters, and transitional housing. (Gov. Code, § 65583, subd. (c)(1).)</i></p> <p>As noted in Finding B3, the element does not include a complete site analysis; therefore, the adequacy of sites and zoning were not established. Based on the results of a complete sites inventory and analysis, the Town may need to add or revise programs to address a shortfall of sites or zoning available to encourage a variety of housing types.</p>	<p>programs, and to <i>Section 4, Constraints</i>, describing the inclusion of updated Emergency Shelter language in the new Multi-family zoning standards.</p>
32	<p><u>Programs 1-1, 1-2, 1-3</u>: These programs currently have a timeframe for completion of January 2031. Because these programs are required to accommodate the RHNA, pursuant to Government Code section 65583 (c)(1)(A) rezones must be completed within three years from the date of adoption.</p> <p>For your information, if rezones are completed after January 31, 2023, the element must also demonstrate Program 1-1 complies with the requirements of Government Code section 65583.2, subdivisions (h) and (i). For example, while the element indicates the residential capacity of the rezoned sites, it must also demonstrate the rezoned sites have a site capacity of at least 16 units, permit rental and owner multifamily development without discretionary review at minimum densities of at least 16 or 20 dwelling units per acre, and that at least at least 50 percent of the very low and low-income housing need shall be accommodated on sites designated for exclusive residential uses or on sites zoned for mixed uses that accommodate all of the very low and low-income housing need, if those sites allow 100 percent residential use and require that residential use occupy 50 percent of the total floor area of a mixed-use project. For additional information, go to https://www.hcd.ca.gov/hcd-memos.</p>	<p><i>Section 7, Goals, Policies and Programs</i> updated to reflect completion timeframe for programs 1-1, 1-2 and 1-3.</p>
33	<p><u>Program 1-4</u>: The program should be revised to describe incentives for the Affiliated Housing Program and as stated above, include a program to monitor development of sites within the Affiliated Housing Program. In addition, the municipal code update should occur sooner in the planning period to have a beneficial impact.</p>	<p>Updated Program 1-4 to increase monitoring and clarify when code amendments will be done.</p>
34	<p><i>3. The Housing Element shall contain programs which assist in the development of adequate housing to meet the needs of extremely low-, very low-, low- and moderate-income households. (Gov. Code, § 65583, subd. (c)(2).)</i></p> <p><u>Extremely Low-Income Program (ELI)</u>: While the element includes programs to assist in the development of very low-, low-, and moderate-income households, it must also include a program(s) to assist in the development of housing affordable households. Programs must be revised or added to the element to assist in the development of housing for ELI households. Program actions could include prioritizing some funding for housing developments affordable to ELI households and offering financial incentives or regulatory concessions to encourage the development of housing types, such as multifamily, single-room occupancy (SRO) units, to address the identified housing needs for ELI households. For additional information, see the Building Blocks at https://www.hcd.ca.gov/extremely-low-income-housing-needs.</p>	<p>Added language to <i>Section 4, Adequate Sites</i> under subheading Non-Vacant Underutilized Sites describing RFP process for Ford Field site and Town's control over number and type of low income and/or special needs units to be developed. The Town will require that 50 low income units be developed, with 5% set aside for extremely low income and/or special needs. If supportive housing is proposed, the Town will waive fees and expedite permit review, as was done with Willow Commons.</p> <p>Program 1-1, New Gateway Land Use Classification, describes how the site will allow for affordable housing. Program 3-1, Initiate Site Planning Process in Gateway, provides for pursuing an affordable housing project on the site.</p>

35	<p><i>4. Address and, where appropriate and legally possible, remove governmental and nongovernmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities. The program shall remove constraints to, and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities. (Gov. Code, § 65583, subd. ©(3).)</i></p> <p>As noted in Finding B4 and B-5, the element requires a complete analysis of potential governmental and nongovernmental constraints. Depending upon the results of that analysis, the Town may need to revise or add programs and address and remove or mitigate any identified constraints.</p>	Language in <i>Section 7, Goals, Policies and Programs</i> has been updated to reflect responses to comments on constraints. See responses to Comments 16-24.
36	<u>Program 4-1</u> : This program should be revised to include specific details of the new parking requirements for affordable housing.	
37	<u>Program 4-4</u> : This program should be revised to clarify that the zoning regulations and objective standards will facilitate the development of residential units at the densities proposed.	Program 4-4 removed and language integrated into other programs.
38	Pursuant to conversations with staff, the Town’s density bonus may be out of date with state law. The element should include a program to update the ordinance accordingly.	Updated Program 4-2 in <i>Section 7, Goals, Policies and Programs</i> to include annual assessment of Density Bonus Law and regular reviews of Affiliated Housing Program
39	<p><i>5. The Housing Element shall include programs to conserve and improve the condition of the existing affordable housing stock. (Gov. Code, § 65583, subd. ©(4).)</i></p> <p><u>Conserve and Improve</u>: The element must include a program(s) to conserve and improve the condition of the existing stock, which may include addressing the loss of dwelling units. A program could provide grants for substantial rehabilitation, provide matching grants for homeowner improvements, or implement proactive code enforcement program.</p>	<p>The Housing Element includes multiple programs which support the conservation and improvement of housing units within Portola Valley (described in <i>Section 7, Goals, Policies, and Programs</i>):</p> <ul style="list-style-type: none"> • 7.2 ADU Amnesty program. Added language clarifying that, once legalized, previously unpermitted ADUs could then be improved via building permits from the Town. The Town’s existing ADU Ambassador program can help spread the word about the Amnesty program. The Town estimates that 15 ADUs will be rehabilitated through the Amnesty Program (Table 7-2). • 7.3 Building Division support for JADU construction. The Town will provide property owners with direct assistance in making minor changes to accommodate a JADU. If rented, a new JADU would provide an income stream to the homeowner, which could be used for home improvements to their existing home. <p>In addition, Portola Valley’s Home Hardening Ordinance, which is already in effect, incorporates specific building requirements into the Town municipal code that improves the fire safety of buildings by “hardening” them against fire. Where implemented, these home hardening elements will help preserve the home, by improving the likelihood that a home will survive a wildfire.</p> <p>Finally, it is worth noting that Portola Valley’s high land values and high-income levels make it extremely unlikely that a home will fall into disrepair, become uninhabitable, or sit vacant. Further discussion on this topic can be found in <i>Section 2, Housing Needs</i>, under subsection Housing Condition.</p>
40	<i>6. Promote and affirmatively further fair housing opportunities and promote housing throughout the community or communities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability, and other characteristics protected by the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of</i>	Added language to relevant policies in <i>Section 7, Goals, Policies, and Programs</i> describing which contributing factors from Table 3-1: Summary Matrix of Fair Housing Issues and Actions would be addressed by any given policy, in order to more

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT 11/9/22 COMMENTS ON PORTOLA VALLEY HOUSING ELEMENT

<p><i>Division 3 of Title 2), Section 65008, and any other state and federal fair housing and planning law. (Gov. Code, § 65583, subd. ©(5).)</i></p> <p>Goals and actions must significantly seek to overcome contributing factors to fair housing issues. Currently, the element identifies programs to encourage and promote affordable housing; however, most of these programs do not appear to facilitate any meaningful change nor address affirmatively furthering fair housing requirements. Furthermore, the element must include metrics and milestones for evaluating progress on programs, actions, and fair housing results and include geographic targeting as appropriate. Given that most of the Town is considered a highest resource community, the element could focus on programs that center on place-based strategies for economic and community revitalization, protecting residents from disaster-driven and investment-driven displacement, and enhancing housing mobility to encourage the development of more housing choices and affordable housing. Programs also should be based on identified contributing factors, be significant and meaningful. The element must add, and revise programs based on a complete analysis and listing and prioritization of contributing factors to fair housing issues. For example, the Town could consider is tying Program 8-7 towards actions to improve nongovernmental constraints such as mortgage acceptance rates. For more information, please see HCD’s guidance at https://www.hcd.ca.gov/community-development/affh/index.shtml.</p>	<p>clearly draw a through line from fair housing contributing factors to the Town’s Policies and Programs.</p>
---	--

2022 Housing Element Statutory Provisions Checklist

Section 65583

Government Code Provision	Housing Element Compliance
The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing.	Sec. 7: Goals, Policies, Programs
The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, mobilehomes, and emergency shelters, and shall make adequate provision for the existing and projected needs of all economic segments of the community.	Sec. 5: Resources (Regulatory Resources) Sec. 6: Adequate Sites (Sites Inventory) Sec. 7: Goals, Policies, Programs
The element shall contain all of the following:	Noted
(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include all of the following:	Noted
(a)(1) An analysis of population and employment trends and documentation of projections	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends)
(a)(1) A quantification of the locality's existing and projected housing needs for all income levels, including extremely low income households, as defined in subdivision (b) of Section 50105 and Section 50106 of the Health and Safety Code. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584. Local agencies shall calculate the subset of very low income households allotted under Section 65584 that qualify as extremely low income households. The local agency may either use available census data to calculate the percentage of very low income households that qualify as extremely low income households or presume that 50 percent of the very low income households qualify as extremely low income households. The number of extremely low income households and very low income households shall equal the jurisdiction's allocation of very low income households pursuant to Section 65584.	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends); (Special Needs Population) Sec. 3 Affirmatively Furthering Fair Housing (Primary Findings) Sec. 6 Adequate Sites (Regional Housing Needs Allocation (RHNA))

Government Code Provision	Housing Element Compliance
(a)(2) An analysis and documentation of household characteristics, including level of payment compared to ability to pay,	Sec. 3 Affirmatively Furthering Fair Housing (Primary Findings)
(a)(2) housing characteristics, including overcrowding, and	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends)
(a)(2) housing stock condition.	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends)
(a)(3) An inventory of land suitable and available for residential development, including vacant sites and sites having realistic and demonstrated potential for redevelopment during the planning period to meet the locality’s housing need for a designated income level, and an analysis of the relationship of zoning and public facilities and services to these sites, and an analysis of the relationship of the sites identified in the land inventory to the jurisdiction’s duty to affirmatively further fair housing. Note: Please see Section 65583.2 regarding the land inventory.	Sec. 6: Adequate Sites
<i>[Note that AB 2339 (Chapter 654, Statutes of 2022) amended Section 65583(a)(4). It does not apply to ABAG-area housing elements unless the first draft of the housing element is submitted to ABAG after January 31, 2023 or a draft is submitted after April 1, 2023. Therefore the sections below include the statutory provisions of Section 65583(a)(4) effective in 2022. Jurisdictions adopting their housing element after January 1, 2023 should describe why AB 2339 is not applicable to them.]</i>	
(a)(4)(A) The identification of a zone or zones where emergency shelters are allowed as a permitted use without a conditional use or other discretionary permit. The identified zone or zones shall include sufficient capacity to accommodate the need for emergency shelter identified in paragraph (7), except that each local government shall identify a zone or zones that can accommodate at least one year-round emergency shelter.	Noted
(a)(4)(A) If the local government cannot identify a zone or zones with sufficient capacity, the local government shall include a program to amend its zoning ordinance to meet the requirements of this paragraph within one year of the adoption of the housing element. The local government may identify additional zones where emergency shelters are permitted with a conditional use permit.	Noted

(a)(4)(A) The local government shall also demonstrate that existing or proposed permit processing, development, and management standards are objective and encourage and facilitate the development of, or conversion to, emergency shelters.

Noted

Government Code Provision	Housing Element Compliance
<p>(a)(4)(A) Emergency shelters may only be subject to those development and management standards that apply to residential or commercial development within the same zone except that a local government may apply written, objective standards that include all of the following:</p> <ul style="list-style-type: none"> (i) The maximum number of beds or persons permitted to be served nightly by the facility. (ii) Sufficient parking to accommodate all staff working in the emergency shelter, provided that the standards do not require more parking for emergency shelters than other residential or commercial uses within the same zone. (iii) The size and location of exterior and interior onsite waiting and client intake areas. (iv) The provision of onsite management. (v) The proximity to other emergency shelters, provided that emergency shelters are not required to be more than 300 feet apart. (vi) The length of stay. (vii) Lighting. (viii) Security during hours that the emergency shelter is in operation. 	Noted
<p>(a)(4)(B) The permit processing, development, and management standards applied under this paragraph shall not be deemed to be discretionary acts within the meaning of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).</p>	Noted
<p>(a)(4)(C) A local government that can demonstrate to the satisfaction of the department the existence of one or more emergency shelters either within its jurisdiction or pursuant to a multijurisdictional agreement that can accommodate that jurisdiction's need for emergency shelter identified in paragraph (7) may comply with the zoning requirements of subparagraph (A) by identifying a zone or zones where new emergency shelters are allowed with a conditional use permit.</p>	Noted
<p>(a)(4)(D) A local government with an existing ordinance or ordinances that comply with this paragraph shall not be required to take additional action to identify zones for emergency shelters. The housing element must only describe how existing ordinances, policies, and standards are consistent with the requirements of this paragraph.</p>	Noted
<p>(a)(5) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the types of housing identified in paragraph (1) of subdivision (c), and [Note: The types of housing identified in Section 65583(c)(1) include multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, supportive housing, single-room occupancy units, emergency shelters, and transitional housing.]</p>	Sec. 4: Constraints (Governmental Regulations and Constraints)
<p>(a)(5) for persons with disabilities as identified in the analysis pursuant to paragraph (7),</p>	Sec. 4: Constraints (Governmental Regulations and Constraints)
<p>(a)(5) including land use controls,</p>	Sec. 4: Constraints (Governmental

	Regulations and Constraints)
(a)(5) building codes and their enforcement,	Sec. 4: Constraints (Governmental Regulations and Constraints)

Government Code Provision	Housing Element Compliance
(a)(5) site improvements,	Sec. 4: Constraints (Governmental Regulations and Constraints)
(a)(5) fees and other exactions required of developers,	Sec. 4: Constraints (Governmental Regulations and Constraints)
(a)(5) local processing and permit procedures,	Sec. 4: Constraints (Governmental Regulations and Constraints)
(a)(5) and any locally adopted ordinances that directly impact the cost and supply of residential development.	Sec. 3: Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan)
(a)(5) The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Section 65584	Sec. 3: Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan)
(a)(5) and from meeting the need for housing for persons with disabilities, supportive housing, transitional housing, and emergency shelters identified pursuant to paragraph (7).	Sec. 4: Constraints (Governmental Regulations and Constraints) Sec. 5 Resources (Regulatory Resources)
(a)(6) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing,	Sec. 4: Constraints (Non-Governmental Constraints); (Non-Governmental Constraints Specific to Portola Valley) Sec. 5 Resources (Regulatory Resources)
(a)(6) the price of land,	Sec. 4: Constraints (Non-Governmental Constraints)
(a)(6) the cost of construction,	Sec. 4: Constraints (Non-Governmental Constraints)

(a)(6) the requests to develop housing at densities below those anticipated in the analysis required by subdivision (c) of Section 65583.2,	Sec. 6 Adequate Sites (Sites Inventory)
(a)(6) and the length of time between receiving approval for a housing development and submittal of an application for building permits for that housing development that hinder the construction of a locality's share of the regional housing need in accordance with Section 65584.	Sec. 4: Constraints (Governmental Regulations and Constraints)
(a)(6) The analysis shall also demonstrate local efforts to remove nongovernmental constraints that create a gap between the locality's planning for the development of housing for all income levels and the construction of that housing.	Sec. 3: Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan) Sec. 7: Goals, Policies, Programs
(a)(7) An analysis of any special housing needs, such as those of the	Sec. 2: Housing Needs Assessment
(a)(7) elderly;	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends); (Special Needs Population)
(a)(7) persons with disabilities, including a developmental disability, as defined in Section 4512 of the Welfare and Institutions Code;	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends); (Special Needs Population)
(a)(7) large families;	Sec. 2: Housing Needs Assessment (Portola Valley Population Characteristics and Trends); (Special Needs Population)
(a)(7) farmworkers;	Sec. 2: Housing Needs Assessment (Special Needs Population)
(a)(7) families with female heads of households;	Sec. 2: Housing Needs Assessment (Special Needs Population)
(a)(7) and families and persons in need of emergency shelter.	Sec. 2: Housing Needs Assessment (Special Needs Population)

Government Code Provision	Housing Element Compliance
<p>(a)(7) The need for emergency shelter shall be assessed based on the capacity necessary to accommodate the most recent homeless point-in-time count conducted before the start of the planning period, the need for emergency shelter based on number of beds available on a year-round and seasonal basis, the number of shelter beds that go unused on an average monthly basis within a one-year period, and the percentage of those in emergency shelters that move to permanent housing solutions.</p>	<p>Sec. 2: Housing Needs Assessment (Special Needs Population)</p>
<p>(a)(7) The need for emergency shelter may be reduced by the number of supportive housing units that are identified in an adopted 10-year plan to end chronic homelessness and that are either vacant or for which funding has been identified to allow construction during the planning period.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(a)(7) An analysis of special housing needs by a city or county may include an analysis of the need for frequent user coordinated care housing services.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(a)(8) An analysis of opportunities for energy conservation with respect to residential development. Cities and counties are encouraged to include weatherization and energy efficiency improvements as part of publicly subsidized housing rehabilitation projects. This may include energy efficiency measures that encompass the building envelope, its heating and cooling systems, and its electrical system.</p>	<p>Sec. 5: (Resources Regulatory Resources)</p>
<p>(a)(9) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. “Assisted housing developments,” for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. “Assisted housing developments” shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65915.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(a)(9)(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use, and the total number of elderly and nonelderly units that could be lost from the locality’s low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(a)(9)(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project-by-project cost estimate.</p>	<p>Noted – not applicable to Portola Valley</p>

Government Code Provision	Housing Element Compliance
(a)(9)(C) The analysis shall identify public and private nonprofit corporations known to the local government that have legal and managerial capacity to acquire and manage these housing developments.	Noted – not applicable to Portola Valley
(a)(9)(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs that can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program that have not been legally obligated for other purposes and that could be available for use in preserving assisted housing developments.	Noted – not applicable to Portola Valley
(b)(1) A statement of the community’s goals, quantified objectives, and policies relative to affirmatively furthering fair housing and to the maintenance, preservation, improvement, and development of housing.	Sec. 7: Goals, Policies, Programs
(b)(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community’s ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category, including extremely low income, that can be constructed, rehabilitated, and conserved over a five-year time period.	Sec. 7: Goals, Policies, Programs
(c) A program that sets forth a schedule of actions during the planning period, each with a timeline for implementation, that may recognize that certain programs are ongoing, such that there will be beneficial impacts of the programs within the planning period, that the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element	Sec. 7: Goals, Policies, Programs
(c) through the administration of land use and development controls,	Sec. 7: Goals, Policies, Programs
(c) the provision of regulatory concessions and incentives,	Sec. 7: Goals, Policies, Programs
(c) the utilization of appropriate federal and state financing and subsidy programs when available,	Sec. 5 Resources (Financial Resources) Sec. 7: Goals, Policies, Programs
(c) and the utilization of moneys in a low- and moderate-income housing fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code).	Noted – not applicable to Portola Valley

In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

Noted

Government Code Provision	Housing Element Compliance
(c)(1) Identify actions that will be taken to make sites available during the planning period with appropriate zoning and development standards and with services and facilities to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory completed pursuant to paragraph (3) of subdivision (a) without rezoning, and to comply with the requirements of Section 65584.09.	Sec. 7: Goals, Policies, Programs
(c)(1) Sites shall be identified as needed to affirmatively further fair housing	Sec. 3 Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan) Sec. 7: Goals, Policies, Programs
(c)(1) and to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing,	Sec. 6 Adequate Sites (Site Inventory Methodology) Sec. 7: Goals, Policies, Programs
(c)(1) factory-built housing,	Specific program not required to comply with Section 65584.09
(c)(1) mobilehomes,	Sec. 6 Adequate Sites (Adequate Sites)
(c)(1) housing for agricultural employees,	Specific program not required to comply with Section 65584.09
(c)(1) supportive housing,	Sec. 7: Goals, Policies, Programs
(c)(1) single-room occupancy units,	Specific program not required to comply with Section 65584.09
(c)(1) emergency shelters,	Specific program not required to comply with Section 65584.09
(c)(1) and transitional housing.	Specific program not required to comply with Section 65584.09

<p>(c)(1)(A) Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, rezoning of those sites, including adoption of minimum density and development standards, for jurisdictions with an eight-year housing element planning period pursuant to Section 65588, shall be completed no later than three years after either the date the housing element is adopted pursuant to subdivision (f) of Section 65585 or the date that is 90 days after receipt of comments from the department pursuant to subdivision (b) of Section 65585, whichever is earlier, unless the deadline is extended pursuant to subdivision (f). Notwithstanding the foregoing, for a local government that fails to adopt a housing element that the department has found to be in substantial compliance with this article within 120 days of the statutory deadline in Section 65588 for adoption of the housing element, rezoning of those sites, including adoption of minimum density and development standards, shall be completed no later than one year from the statutory deadline in Section 65588 for adoption of the housing element.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(c)(1)(B) Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, the program shall identify sites that can be developed for housing within the planning period pursuant to subdivision (h) of Section 65583.2. The identification of sites shall include all components specified in Section 65583.2. Note: Please see Section 65583.2 regarding the land inventory and conformance with subdivision (h).</p>	<p>Noted – not applicable to Portola Valley</p>

Government Code Provision	Housing Element Compliance
(c)(1)(C) Where the inventory of sites pursuant to paragraph (3) of subdivision (a) does not identify adequate sites to accommodate the need for farmworker housing, the program shall provide for sufficient sites to meet the need with zoning that permits farmworker housing use by right, including density and development standards that could accommodate and facilitate the feasibility of the development of farmworker housing for low- and very low income households.	Noted
(c)(2) Assist in the development of adequate housing to meet the needs of extremely low, very low, low-, and moderate-income households.	Sec. 6 Adequate Sites (Sites Inventory) Sec. 7: Goals, Policies, Programs
(c)(3) Address and, where appropriate and legally possible, remove governmental and nongovernmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels	Sec. 7: Goals, Policies, Programs
(c)(3) and housing for persons with disabilities. The program shall remove constraints to, and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities.	Sec. 7: Goals, Policies, Programs
(c)(3) Transitional housing and supportive housing shall be considered a residential use of property and shall be subject only to those restrictions that apply to other residential dwellings of the same type in the same zone.	Sec. 7: Goals, Policies, Programs
(c)(3) Supportive housing, as defined in Section 65650, shall be a use by right in all zones where multifamily and mixed uses are permitted, as provided in Article 11 (commencing with Section 65650).	Sec. 7: Goals, Policies, Programs
(c)(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.	Sec. 7: Goals, Policies, Programs
(c)(5) Promote and affirmatively further fair housing opportunities and promote housing throughout the community or communities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability, and other characteristics protected by the California Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2), Section 65008, and any other state and federal fair housing and planning law.	Sec. 7: Goals, Policies, Programs
(c)(6) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (9) of subdivision (a).	Noted – not applicable to Portola Valley
(c)(6) The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (9) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available.	Noted – not applicable to Portola Valley

(c)(6) The program may include strategies that involve local regulation and technical assistance.

Noted – not applicable to Portola Valley

Government Code Provision	Housing Element Compliance
(c)(7) Develop a plan that incentivizes and promotes the creation of accessory dwelling units that can be offered at affordable rent, as defined in Section 50053 of the Health and Safety Code, for very low, low-, or moderate-income households. For purposes of this paragraph, “accessory dwelling units” has the same meaning as “accessory dwelling unit” as defined in paragraph (4) of subdivision (i) of Section 65852.2.\	Sec. 6 Adequate Sites (Credit Towards RHNA) Sec. 7: Goals, Policies, Programs
(c)(8) Include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals.	Sec. 7: Goals, Policies, Programs
(c)(9) Include a diligent effort by the local government to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.	Appendix A: Community Engagement
(c)(10)(A) Affirmatively further fair housing in accordance with Chapter 15 (commencing with Section 8899.50) of Division 1 of Title 2. The program shall include an assessment of fair housing in the jurisdiction that shall include all of the following components:	Noted
(c)(10)(A)(i) A summary of fair housing issues in the jurisdiction	Sec. 3: Affirmatively Furthering Fair Housing Appendix C: Portola Valley Fair Housing Assessment (8. Contributing Factors and Fair Housing Action Plan)
(c)(10)(A)(i) and an assessment of the jurisdiction’s fair housing enforcement and fair housing outreach capacity.	Sec. 3: Affirmatively Furthering Fair Housing (Primary Findings) Appendix C: Portola Valley Fair Housing Assessment (3. Fair Housing Enforcement and Outreach Capacity)
(c)(10)(A)(ii) An analysis of available federal, state, and local data and knowledge to identify integration and segregation patterns and trends,	Sec. 3: Affirmatively Furthering Fair Housing (Primary Findings) Sec. 6 Adequate Sites (Sites Inventory) Appendix C: Portola Valley

	<p>Fair Housing Assessment (2. Introduction and Primary Findings); (4. Integration and Segregation)</p>

(c)(10)(A)(v) as well as place-based strategies to encourage community revitalization, including preservation of existing affordable housing,	Sec. 3 Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan) Appendix C: Portola Valley Fair Housing Assessment (8. Contributing Factors and Fair Housing Action Plan)
(c)(10)(A)(v) and protecting existing residents from displacement.	Sec. 3 Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan) Appendix C: Portola Valley Fair Housing Assessment (8. Contributing Factors and Fair Housing Action Plan)
(c)(10)(B) A jurisdiction that completes or revises an assessment of fair housing pursuant to Subpart A (commencing with Section 5.150) of Part 5 of Subtitle A of Title 24 of the Code of Federal Regulations, as published in Volume 80 of the Federal Register, Number 136, page 42272, dated July 16, 2015, or an analysis of impediments to fair housing choice in accordance with the requirements of Section 91.225 of Title 24 of the Code of Federal Regulations in effect before August 17, 2015, may incorporate relevant portions of that assessment or revised assessment of fair housing or analysis or revised analysis of impediments to fair housing into its housing element.	Sec. 3 Affirmatively Furthering Fair Housing (Primary Findings) Appendix C: Portola Valley Fair Housing Assessment
(c)(10)(C) The requirements of this paragraph shall apply to housing elements due to be revised pursuant to Section 65588 on or after January 1, 2021.	Noted
(d)(1) A local government may satisfy all or part of its requirement to identify a zone or zones suitable for the development of emergency shelters pursuant to paragraph (4) of subdivision (a) by adopting and implementing a multijurisdictional agreement, with a maximum of two other adjacent communities, that requires the participating jurisdictions to develop at least one year-round emergency shelter within two years of the beginning of the planning period.	Noted – not applicable to Portola Valley

<p>(d)(2) The agreement shall allocate a portion of the new shelter capacity to each jurisdiction as credit toward its emergency shelter need, and each jurisdiction shall describe how the capacity was allocated as part of its housing element.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(d)(3) Each member jurisdiction of a multijurisdictional agreement shall describe in its housing element all of the following:</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(d)(3)(A) How the joint facility will meet the jurisdiction’s emergency shelter need. (d)(3)(B) The jurisdiction’s contribution to the facility for both the development and ongoing operation and management of the facility. (d)(3)(C) The amount and source of the funding that the jurisdiction contributes to the facility.</p>	<p>Noted – not applicable to Portola Valley</p>

Government Code Provision	Housing Element Compliance
(d)(4) The aggregate capacity claimed by the participating jurisdictions in their housing elements shall not exceed the actual capacity of the shelter.	Noted – not applicable to Portola Valley
(e) Except as otherwise provided in this article, amendments to this article that alter the required content of a housing element shall apply to both of the following: [Note that this provision is applicable to AB 2339 (Chapter 654, Statutes of 2022), which amended Section 65583(a)(4). Jurisdictions adopting their housing element after January 1, 2023 should describe why this amendment is not applicable to them.]	No applicable amendments
(1) A housing element or housing element amendment prepared pursuant to subdivision (e) of Section 65588 or Section 65584.02, when a city, county, or city and county submits a draft to the department for review pursuant to Section 65585 more than 90 days after the effective date of the amendment to this section.	No applicable amendments
(2) Any housing element or housing element amendment prepared pursuant to subdivision (e) of Section 65588 or Section 65584.02, when the city, county, or city and county fails to submit the first draft to the department before the due date specified in Section 65588 or 65584.02.	No applicable amendments
(f) – (j): Not applicable	N/A

Section 65583.1(a)

Government Code Provision	Housing Element Compliance
(a) The Department of Housing and Community Development, in evaluating a proposed or adopted housing element for substantial compliance with this article, ... may also allow a city or county to identify sites for accessory dwelling units based on the number of accessory dwelling units developed in the prior housing element planning period whether or not the units are permitted by right, the need for these units in the community, the resources or incentives available for their development, and any other relevant factors, as determined by the department.	Sec. 6 Adequate Sites (Credit Towards RHNA) Sec. 7: Goals, Policies, Programs
(b) Sites that contain permanent housing units located on a military base undergoing closure or conversion as a result of action pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (Public Law 100-526), the Defense Base Closure and Realignment Act of 1990 (Public Law 101-510), or any subsequent act requiring the closure or conversion of a military base may be identified as an adequate site if the housing element demonstrates that the housing units will be available for occupancy by households within the planning period of the element. No sites containing housing units scheduled or planned for demolition or conversion to nonresidential uses shall qualify as an adequate site.	Noted – not applicable to Portola Valley
Note: If communities are using the provisions of Section 65583.1(c), which allow RHNA credit for conversion of non-affordable to affordable housing and for preservation of existing affordable housing at risk of loss, the applicable provisions need to be added to this table.	Noted – not applicable to Portola Valley

Section 65583.2

Government Code Provision	Housing Element Compliance
(a) A city's or county's inventory of land suitable for residential development pursuant to paragraph (3) of subdivision (a) of Section 65583 shall be used to identify sites throughout the community, consistent with paragraph (10) of subdivision (c) of Section 65583,	Sec. 6: Adequate Sites (Sites Inventory)
(a) that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction's share of the regional housing need for all income levels pursuant to Section 65584. As used in this section, "land suitable for residential development" includes all of the following sites that meet the standards set forth in subdivisions (c) and (g):	Sec. 6: Adequate Sites (Sites Inventory)
(a)(1) Vacant sites zoned for residential use.	Sec. 6: Adequate Sites (Sites Inventory)
(a)(2) Vacant sites zoned for nonresidential use that allows residential development.	Sec. 6: Adequate Sites (Sites Inventory)
(a)(3) Residentially zoned sites that are capable of being developed at a higher density, including sites owned or leased by a city, county, or city and county	Sec. 6: Adequate Sites (Sites Inventory Methodology), (Sites Inventory)
(a)(4) Sites zoned for nonresidential use that can be redeveloped for residential use, and for which the housing element includes a program to rezone the site, as necessary, rezoned for, to permit residential use, including sites owned or leased by a city, county, or city and county.	Sec. 6: Adequate Sites (Sites Inventory)
(b) The inventory of land shall include all of the following:	Sec. 6: Adequate Sites
(b)(1) A listing of properties by assessor parcel number.	Sec. 6: Adequate Sites (Sites Inventory)
(b)(2) The size of each property listed pursuant to paragraph (1), and the general plan designation and zoning of each property.	Sec. 6: Adequate Sites (Sites Inventory)
(b)(3) For nonvacant sites, a description of the existing use of each property.	Sec. 6: Adequate Sites (Sites Inventory)
(b)(3) If a site subject to this paragraph is owned by the city or county, the description shall also include whether there are any plans to dispose of the property during the planning period and how the city or county will comply with Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5.	Sec. 6: Adequate Sites (Sites Inventory)
(b)(4) A general description of any environmental constraints to the development of housing within the jurisdiction, the documentation for which has been made available to the jurisdiction. This information need not be identified on a site-specific basis.	Sec. 4: Constraints (Non-Governmental Constraints Specific to Portola Valley)

(b)(5)(A) A description of existing or planned water, sewer, and other dry utilities supply, including the availability and access to distribution facilities.

Sec. 4: Constraints
(Governmental
Regulations and
Constraints)
Sec. 6 Adequate Sites
(Site Inventory
Methodology)

Government Code Provision	Housing Element Compliance
<p>(b)(5)(B) Parcels included in the inventory must have sufficient water, sewer, and dry utilities supply available and accessible to support housing development or be included in an existing general plan program or other mandatory program or plan, including a program or plan of a public or private entity providing water or sewer service, to secure sufficient water, sewer, and dry utilities supply to support housing development. This paragraph does not impose any additional duty on the city or county to construct, finance, or otherwise provide water, sewer, or dry utilities to parcels included in the inventory.</p>	<p>Sec. 4: Constraints (Governmental Regulations and Constraints)</p>
<p>(b)(6) Sites identified as available for housing for above moderate-income households in areas not served by public sewer systems. This information need not be identified on a site-specific basis.</p>	<p>Sec. 4: Constraints (Governmental Regulations and Constraints)</p>
<p>(b)(7) A map that shows the location of the sites included in the inventory, such as the land use map from the jurisdiction’s general plan, for reference purposes only.</p>	<p>Sec. 6: Adequate Sites (Sites Inventory)</p>
<p>(c) Based on the information provided in subdivision (b), a city or county shall determine whether each site in the inventory can accommodate the development of some portion of its share of the regional housing need by income level during the planning period, as determined pursuant to Section 65584. The inventory shall specify for each site the number of units that can realistically be accommodated on that site and whether the site is adequate to accommodate lower income housing, moderate-income housing, or above moderate-income housing.</p>	<p>Sec. 6: Adequate Sites (Sites Inventory) Appendix E: Sites Inventory Spreadsheet</p>
<p>(c) A nonvacant site identified pursuant to paragraph (3) or (4) of subdivision (a) in a prior housing element and a vacant site that has been included in two or more consecutive planning periods that was not approved to develop a portion of the locality’s housing need shall not be deemed adequate to accommodate a portion of the housing need for lower income households that must be accommodated in the current housing element planning period unless the site is zoned at residential densities consistent with paragraph (3) of this subdivision and the site is subject to a program in the housing element requiring rezoning within three years of the beginning of the planning period to allow residential use by right for housing developments in which at least 20 percent of the units are affordable to lower income households. An unincorporated area in a nonmetropolitan county pursuant to clause (ii) of subparagraph (B) of paragraph (3) shall not be subject to the requirements of this subdivision to allow residential use by right.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(c) Notwithstanding the foregoing, for a local government that fails to adopt a housing element that the department has found to be in substantial compliance with state law within 120 days of the statutory deadline in Section 65588 for adoption of the housing element, rezoning pursuant to this subdivision shall be completed no later than one year from the statutory deadline in Section 65588 for adoption of the housing element.</p>	<p>Noted – not applicable to Portola Valley</p>
<p>(c) The analysis shall determine whether the inventory can provide for a variety of types of housing, including multifamily rental housing,</p>	<p>Sec. 5 Resources (Regulatory Resources)</p>

Government Code Provision	Housing Element Compliance
(c) factory-built housing, mobilehomes,	Sec. 5 Resources (Regulatory Resources)
(c) housing for agricultural employees, supportive housing,	Sec. 5 Resources (Regulatory Resources)
(c) single-room occupancy units,	Sec. 5 Resources (Regulatory Resources)
(c) emergency shelters, and	Sec. 5 Resources (Regulatory Resources)
(c) transitional housing	Sec. 5 Resources (Regulatory Resources)
(c) and whether the inventory affirmatively furthers fair housing .	Sec. 3 Affirmatively Furthering Fair Housing (Contributing Factors and Fair Housing Action Plan) Sec. 6 Adequate Sites (Site Inventory Methodology) Appendix C: Portola Valley Fair Housing Assessment (Sites Inventory Analysis)
(c) The city or county shall determine the number of housing units that can be accommodated on each site as follows:	Noted
(c)(1) If local law or regulations require the development of a site at a minimum density, the department shall accept the planning agency’s calculation of the total housing unit capacity on that site based on the established minimum density. If the city or county does not adopt a law or regulation requiring the development of a site at a minimum density, then it shall demonstrate how the number of units determined for that site pursuant to this subdivision will be accommodated.	Sec. 6 Adequate Sites (Sites Inventory)
(c)(2) The number of units calculated pursuant to paragraph (1) shall be adjusted as necessary, based on the land use controls and site improvements requirement identified in paragraph (5) of subdivision (a) of Section 65583,	Sec. 6 Adequate Sites (Sites Inventory)
(c)(2) the realistic development capacity for the site,	Sec. 6 Adequate Sites (Sites Inventory)

(c)(2) typical densities of existing or approved residential developments at a similar affordability level in that jurisdiction,	Sec. 6 Adequate Sites (Sites Inventory)
(c)(2) and on the current or planned availability and accessibility of sufficient water, sewer, and dry utilities.	Sec. 6 Adequate Sites (Sites Inventory)
(c)(2)(A) A site smaller than half an acre shall not be deemed adequate to accommodate lower income housing need unless the locality can demonstrate that sites of equivalent size were successfully developed during the prior planning period for an equivalent number of lower income housing units as projected for the site or unless the locality provides other evidence to the department that the site is adequate to accommodate lower income housing.	Sec. 6 Adequate Sites (Sites Inventory)
(c)(2)(B) A site larger than 10 acres shall not be deemed adequate to accommodate lower income housing need unless the locality can demonstrate that sites of equivalent size were successfully developed during the prior planning period for an equivalent number of lower income housing units as projected for the site or unless the locality provides other evidence to the department that the site can be developed as lower income housing.	Sec. 6 Adequate Sites (Sites Inventory)
(c)(2)(B) For purposes of this subparagraph, “site” means that portion of a parcel or parcels designated to accommodate lower income housing needs pursuant to this subdivision.	Sec. 6 Adequate Sites (Sites Inventory)

Government Code Provision	Housing Element Compliance
(c)(2)(C) A site may be presumed to be realistic for development to accommodate lower income housing need if, at the time of the adoption of the housing element, a development affordable to lower income households has been proposed and approved for development on the site.	Sec. 6 Adequate Sites (Sites Inventory)
(c)(3) For the number of units calculated to accommodate its share of the regional housing need for lower income households pursuant to paragraph (2), a city or county shall do either of the following:	Noted
(c)(3)(A) Provide an analysis demonstrating how the adopted densities accommodate this need. The analysis shall include, but is not limited to, factors such as market demand, financial feasibility, or information based on development project experience within a zone or zones that provide housing for lower income households.	Sec. 6 Adequate Sites (Sites Inventory)
(c)(3)(B) The following densities shall be deemed appropriate to accommodate housing for lower income households: (i) For an incorporated city within a nonmetropolitan county and for a nonmetropolitan county that has a micropolitan area: sites allowing at least 15 units per acre. (ii) For an unincorporated area in a nonmetropolitan county not included in clause (i): sites allowing at least 10 units per acre. (iii) For a suburban jurisdiction: sites allowing at least 20 units per acre. (iv) For a jurisdiction in a metropolitan county: sites allowing at least 30 units per acre.	Sec. 6 Adequate Sites (Sites Inventory)
(4)(A) For a metropolitan jurisdiction:	Noted – not applicable to Portola Valley
(4)(A)(i) At least 25 percent of the jurisdiction’s share of the regional housing need for moderate-income housing shall be allocated to sites with zoning that allows at least 4 units of housing, but not more than 100 units per acre of housing.	Sec. 6 Adequate Sites (Sites Inventory)
(4)(A)(ii) At least 25 percent of the jurisdiction’s share of the regional housing need for above moderate-income housing shall be allocated to sites with zoning that allows at least 4 units of housing.	Sec. 6 Adequate Sites (Sites Inventory)
(B) The allocation of moderate-income and above moderate-income housing to sites pursuant to this paragraph shall not be a basis for the jurisdiction to do either of the following: (i) Deny a project that does not comply with the allocation. (ii) Impose a price minimum, price maximum, price control, or any other exaction or condition of approval in lieu thereof. This clause does not prohibit a jurisdiction from imposing any price minimum, price maximum, price control, exaction, or condition in lieu thereof, pursuant to any other law. (iii) The provisions of this subparagraph do not constitute a change in, but are declaratory of, existing law with regard to the allocation of sites pursuant to this section.	Sec. 6 Adequate Sites (Sites Inventory)
(C) This paragraph does not apply to an unincorporated area.	Noted

(D) For purposes of this paragraph:

Noted

Government Code Provision	Housing Element Compliance
(i) “Housing development project” has the same meaning as defined in paragraph (2) of subdivision (h) of Section 65589.5.	Noted
(ii) “Unit of housing” does not include an accessory dwelling unit or junior accessory dwelling unit that could be approved pursuant to Section 65852.2 or Section 65852.22 or through a local ordinance or other provision implementing either of those sections. This paragraph shall not limit the ability of a local government to count the actual production of accessory dwelling units or junior accessory dwelling units in an annual progress report submitted pursuant to Section 65400 or other progress report as determined by the department.	Noted
(E) Nothing in this subdivision shall preclude the subdivision of a parcel, provided that the subdivision is subject to the Subdivision Map Act (Division 2 (commencing with Section 66410)) or any other applicable law authorizing the subdivision of land.	Noted
(d) For purposes of this section, a metropolitan county, nonmetropolitan county, and nonmetropolitan county with a micropolitan area shall be as determined by the United States Census Bureau. A nonmetropolitan county with a micropolitan area includes the following counties: Del Norte, Humboldt, Lake, Mendocino, Nevada, Tehama, and Tuolumne and other counties as may be determined by the United States Census Bureau to be nonmetropolitan counties with micropolitan areas in the future.	Noted
(e)(1) Except as provided in paragraph (2), a jurisdiction shall be considered suburban if the jurisdiction does not meet the requirements of clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (c) and is located in a Metropolitan Statistical Area (MSA) of less than 2,000,000 in population, unless that jurisdiction’s population is greater than 100,000, in which case it shall be considered metropolitan. A county, not including the City and County of San Francisco, shall be considered suburban unless the county is in an MSA of 2,000,000 or greater in population in which case the county shall be considered metropolitan.	Noted
(2)(A)(i) Notwithstanding paragraph (1), if a county that is in the San Francisco-Oakland-Fremont California MSA has a population of less than 400,000, that county shall be considered suburban. If this county includes an incorporated city that has a population of less than 100,000, this city shall also be considered suburban. This paragraph shall apply to a housing element revision cycle, as described in subparagraph (A) of paragraph (3) of subdivision (e) of Section 65588, that is in effect from July 1, 2014, to December 31, 2028, inclusive.	Noted
(2)(A)(ii) A county subject to this subparagraph shall utilize the sum existing in the county’s housing trust fund as of June 30, 2013, for the development and preservation of housing affordable to low- and very low income households.	Noted

Government Code Provision	Housing Element Compliance
<p>(2)(B) A jurisdiction that is classified as suburban pursuant to this paragraph shall report to the Assembly Committee on Housing and Community Development, the Senate Committee on Housing, and the Department of Housing and Community Development regarding its progress in developing low- and very low income housing consistent with the requirements of Section 65400. The report shall be provided three times: once, on or before December 31, 2019, which report shall address the initial four years of the housing element cycle, a second time, on or before December 31, 2023, which report shall address the subsequent four years of the housing element cycle, and a third time, on or before December 31, 2027, which report shall address the subsequent four years of the housing element cycle and the cycle as a whole. The reports shall be provided consistent with the requirements of Section 9795.</p>	Noted
<p>(f) A jurisdiction shall be considered metropolitan if the jurisdiction does not meet the requirements for “suburban area” above and is located in an MSA of 2,000,000 or greater in population, unless that jurisdiction’s population is less than 25,000 in which case it shall be considered suburban.</p> <p>(g)(1) For sites described in paragraph (3) of subdivision (b) [non-vacant sites], the city or county shall specify the additional development potential for each site within the planning period and shall provide an explanation of the methodology used to determine the development potential.</p>	Noted
<p>(g)(1) The methodology shall consider factors including the extent to which existing uses may constitute an impediment to additional residential development,</p>	Sec. 6 Adequate Sites (Sites Inventory)
<p>(g)(1) the city’s or county’s past experience with converting existing uses to higher density residential development,</p>	Sec. 6 Adequate Sites (Site Inventory Methodology)
<p>(g)(1) the current market demand for the existing use,</p>	Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)
<p>(g)(1) an analysis of any existing leases or other contracts that would perpetuate the existing use or prevent redevelopment of the site for additional residential development,</p>	Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)
<p>(g)(1) development trends,</p>	Sec. 4 Constraints (Non-Governmental Constraints) Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)
<p>(g)(1) market conditions,</p>	Sec. 4 Constraints (Non-Governmental Constraints) Sec. 6 Adequate Sites

	(Site Inventory Methodology); (Sites Inventory)
<p>(g)(1) and regulatory or other incentives or standards to encourage additional residential development on these sites.</p>	<p>Sec. 5 Resources (Regulatory Resources) Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(g)(2) In addition to the analysis required in paragraph (1), when a city or county is relying on nonvacant sites described in paragraph (3) of subdivision (b) to accommodate 50 percent or more of its housing need for lower income households, the methodology used to determine additional development potential shall demonstrate that the existing use identified pursuant to paragraph (3) of subdivision (b) does not constitute an impediment to additional residential development during the period covered by the housing element. An existing use shall be presumed to impede additional residential development, absent findings based on substantial evidence that the use is likely to be discontinued during the planning period.</p>	<p>Noted – not applicable to Portola Valley</p>

Government Code Provision	Housing Element Compliance
<p>(g)(3) Notwithstanding any other law, and in addition to the requirements in paragraphs (1) and (2), sites that currently have residential uses, or within the past five years have had residential uses that have been vacated or demolished, that are or were subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of low or very low income, subject to any other form of rent or price control through a public entity's valid exercise of its police power, or occupied by low or very low income households, shall be subject to a policy requiring the replacement of all those units affordable to the same or lower income level as a condition of any development on the site. Replacement requirements shall be consistent with those set forth in paragraph (3) of subdivision (c) of Section 65915.</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(h) The program required by subparagraph (A) of paragraph (1) of subdivision (c) of Section 65583 shall accommodate 100 percent of the need for housing for very low and low-income households allocated pursuant to Section 65584 for which site capacity has not been identified in the inventory of sites pursuant to paragraph (3) of subdivision (a) on sites that shall be zoned to permit owner-occupied and rental multifamily residential use by right for developments in which at least 20 percent of the units are affordable to lower income households during the planning period.</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(h) These sites shall be zoned with minimum density and development standards that permit at least</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(h) 16 units per site at a density of at least 16 units per acre in jurisdictions described in clause (i) of subparagraph (B) of paragraph (3) of subdivision (c),</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(h) shall be at least 20 units per acre in jurisdictions described in clauses (iii) and (iv) of subparagraph (B) of paragraph (3) of subdivision (c)</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(h) and shall meet the standards set forth in subparagraph (B) of paragraph (5) of subdivision (b).</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>
<p>(h) At least 50 percent of the very low and low-income housing need shall be accommodated on sites designated for residential use and for which nonresidential uses or mixed uses are not permitted, except that a city or county may accommodate all of the very low and low-income housing need on sites designated for mixed uses if those sites allow 100 percent residential use and require that residential use occupy 50 percent of the total floor area of a mixed-use project.</p>	<p>Sec. 6 Adequate Sites (Site Inventory Methodology); (Sites Inventory)</p>

(i) For purposes of this section and Section 65583, the phrase “use by right” shall mean that the local government’s review of the owner-occupied or multifamily residential use may not require a conditional use permit, planned unit development permit, or other discretionary local government review or approval that would constitute a “project” for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code. Any subdivision of the sites shall be subject to all laws, including, but not limited to, the local government ordinance implementing the Subdivision Map Act.

Sec. 6 Adequate Sites
(Site Inventory
Methodology); (Sites
Inventory)

Government Code Provision	Housing Element Compliance
(i) A local ordinance may provide that “use by right” does not exempt the use from design review. However, that design review shall not constitute a “project” for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code.	Noted
(i) Use by right for all rental multifamily residential housing shall be provided in accordance with subdivision (f) of Section 65589.5.	Noted
(j) Notwithstanding any other provision of this section, within one-half mile of a Sonoma-Marín Area Rail Transit station, housing density requirements in place on June 30, 2014, shall apply.	Noted – does not apply to Portola Valley

Section 65583.3

Government Code Provision	Housing Element Compliance
<p>(a) For a housing element or amendment adopted on or after January 1, 2021, the planning agency shall submit to the department an electronic copy of its inventory of land suitable for residential development developed pursuant to paragraph (3) of subdivision (a) of Section 65583 and subdivision (b) of this section with the copy of its housing element or amendment submitted pursuant to subdivision (g) of Section 65585. The local government shall ensure, to the best of its knowledge, that the inventory of land submitted to the department is true and correct.</p> <p>(b) Notwithstanding subdivision (a) of Section 65301, each local government shall prepare the inventory required under paragraph (3) of subdivision (a) of Section 65583 using standards, forms, and definitions adopted by the department.</p>	Sec. 6 Adequate Sites (Sites Inventory)

EXHIBIT D – Supplemental Findings Regarding Fire Safety Issues

On March 29, 2023, the Town Council adopted Resolution No. 2922-2023 adopting the Initial Study/Mitigated Negative Declaration (IS/MND), including the Updated Response to Comments and Text Changes, and the Mitigation Monitoring and Reporting Program (as updated at the March 22 and 29, 2023 public hearings), all for the Portola Valley Housing and Safety Elements Update and Conforming General Plan and Zoning Code Amendments (collectively, the “Project”).

Following that action, the Town has received questions from some members of the public regarding a prior unsigned draft letter dated January 4, 2022, that Town staff had received from Don Bullard, Fire Marshall for the Woodside Fire Protection District (the “District”).

The Town Council finds that this draft letter is not properly part of the administrative record for the Project, for the following reasons:

First, Mr. Bullard subsequently withdrew the draft letter and requested that it not be considered part of the record. He and other representatives of the District have since repeatedly reaffirmed since then to Town staff both orally and in writing that the draft letter does not accurately reflect the views of either Mr. Bullard or the District. And neither Mr. Bullard nor any other District representative have since made any further effort to submit this letter into the record.

Second, the Town and the District have since reached agreement on proposed mitigations relating to fire safety issues, which measures were included as Exhibit A to Resolution No. 2922-2023.

Third, the items contained in the draft letter have either been addressed in the IS/MND, are outside the purview of the Town and/or are more appropriately handled in the Safety Element or other Town/WFPD legislative act.

The Town Council further finds that, even if the draft letter were deemed to be part of the administrative record, the contents of that letter do not constitute credible evidence of any fire-related issues, for each of the reasons set forth above.
